Subject: Outcome of Board Meeting of POWERGRID Unchahar Transmission Limited- the Investment Manager to POWERGRID Infrastructure Investment Trust held on Wednesday, November 09, 2022

Dear Sir/Madam,

We wish to inform that the Board of Directors of POWERGRID Unchahar Transmission Limited – the Investment Manager to POWERGRID Infrastructure Investment Trust (“PGInvIT”), in its meeting held today i.e. on **Wednesday, November 09, 2022** has, *inter alia* considered and approved:

- i. Unaudited Consolidated and Standalone Financial Information (“**Financial Information**”) of PGInvIT for the quarter and half year period ended September 30, 2022. The Financial Information along with limited review report issued by Statutory Auditors of PGInvIT are enclosed herewith;
- ii. Declaration of distribution of Rs. 3.00 per unit for the quarter ended September 30, 2022, comprising Rs. 1.98 per unit as interest, Rs. 0.62 per unit as taxable dividend, Rs. 0.20 per unit as exempt dividend, Rs. 0.19 per unit as repayment of SPV Debt and Rs. 0.01 per unit as treasury income.

Record date for the distribution to the unitholders will be **Tuesday, November 15, 2022** and the payment of distribution will be made on or before **Thursday, November 24, 2022**.

- iii. Valuation Report as prepared by independent valuer, M/s INMACS Valuers Private Limited, (“Independent Valuer”) bearing IBBI registration number IBBI/RV-E/02/2021/141 for the half year period ended September 30, 2022. The Valuation Report is attached herewith.

Pursuant to Regulation 10 of the SEBI (Infrastructure Investment Trusts) Regulations, 2014, as amended or supplemented, the Net Asset Value (“**NAV**”) of PGInvIT as on September 30, 2022 based on the above-mentioned Valuation Report issued by the Independent Valuer is Rs. 87.76 per unit and its computation is set out as part of disclosures under the Consolidated Financial Information of PGInvIT.

The Board meeting commenced at 6:30 p.m. and concluded at 7:50 p.m.

Kindly take the above information on record.

Thanking You,

Yours faithfully,

For POWERGRID Unchahar Transmission Limited
(as Investment Manager of POWERGRID Infrastructure Investment Trust)

* Figures of half year ended 30 September 2021 are for the period 13 May 2021 to 30 September 2021.

Notes:

1. The above Un-audited Standalone interim financial results for the quarter and half year ended September 30, 2022 have been reviewed and approved by the Board of Directors of POWERGRID Unchahar Transmission Limited ('Investment Manager') at its meeting held on 09 November 2022.
2. The Un-audited Standalone Financial Result comprises of the Statement of Profit and Loss and notes thereon and additional disclosures as required in paragraph 6 of Annexure A to the SEBI Circular no. CIR/IMD/DF/127/2016 dated 29 November 2016 ("SEBI Circular") of POWERGRID Infrastructure Investment Trust ("PGInvIT"/"Trust"), for the quarter ended 30 September 2022, 30 June 2022 and 30 September 2021, half year ended 30 September 2022 and 30 September 2021, half year and year ended 31 March 2022 being submitted by the Trust pursuant to the requirements of Regulation 23 of the SEBI (Infrastructure Investment Trusts) Regulations, 2014 and the circulars issued thereunder ("InvIT Regulations"). However, it is not a complete or condensed set of financial statements under Ind AS 34 since it omits various disclosures required by Ind AS 34 as the requirement of preparing financial information is primarily governed by the InvIT Regulations.
3. POWERGRID Infrastructure Investment Trust (the "Trust") holds 100% equity stake in Vizag Transmission Limited ("VTL" formerly known as POWERGRID Vizag Transmission Limited) and 74% equity stake in POWERGRID Kala Amb Transmission Limited ('PKATL'), POWERGRID Parli Transmission Limited ('PPTL'), POWERGRID Warora Transmission Limited ('PWTl') and POWERGRID Jabalpur Transmission Limited ('PJTL') as on 30 September 2022.
4. Revenue from operations comprises of interest income on loans to subsidiaries and dividend from subsidiaries.
5. Trust has considered various internal and external information available up to the date of approval of Financial Statements and there has been no material impact of COVID-19 pandemic on the operations of the Subsidiaries for the quarter and half year ended 30 September 2022. However, the impact assessment of COVID 19 is a continuing process given the uncertainties associated with its nature and duration. Trust will continue to monitor any material changes to future economic conditions.
6. Pursuant to the Investment Management Agreement dated December 18, 2020, Investment Manager fees is aggregate of
 - a. Rs. 7,25,00,000 per annum, in relation to the initial SPVs; and
 - b. 0.10% of the aggregate Gross Block of all Holding Companies and SPVs acquired by the InvIT after the execution of this agreement.Further, the management fee set out above shall be subject to escalation on an annual basis at the rate of 6.75% of the management fee for the previous year. Any applicable taxes, cess or charges, as the case may be, shall be in addition to the management fee.

During the period, Trust has not acquired any assets.
7. The carrying amounts of the Investment in subsidiaries have been impaired for the period ended on 30 September 2022 based upon the valuation done by an external independent valuation expert.
8. The Trust is rated as "CCR AAA/Stable" from CRISIL, "[ICRA] AAA/Stable" from ICRA and "CARE AAA(Is)/Stable" from CARE.

Additional Disclosures as required by paragraph 6 of Annexure A to the SEBI Circular No. CIR/IMD/DF/127/2016

Statements of Earning per Unit

Basic EPU amounts are calculated by dividing the profit for the year/period attributable to Unit holders by the weighted average number of units outstanding during the year/period.

Diluted EPU amounts are calculated by dividing the profit attributable to unit holders by the weighted average number of units outstanding during the year plus the weighted average number of units that would be issued on conversion of all the dilutive potential units into unit capital.

The following reflects the profit and unit data used in the basic and diluted EPU computation:

Particulars	For the Quarter ended on 30 September 2022	For the Quarter ended on 30 June 2022	For the Quarter ended on 30 September 2021	For the Half year ended on 30 September 2022	For the Half year ended on 31 March 2022	For the Half year ended on 30 September 2021	For the year ended on 31 March 2022
Profit after tax for calculating basic and diluted EPU (₹ in million)	(9,223.85)	2,575.55	1,716.18	(6,648.30)	5,156.19	2,642.14	7,798.33

Independent Auditor's Review Report on the Quarterly and Half Yearly Unaudited Standalone Financial Information of the Trust Pursuant to the Regulation 23 of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014 as amended

To the Board of Directors of POWERGRID UNCHAHAH TRANSMISSION LIMITED (As the Investment Manager of POWERGRID INFRASTRUCTURE INVESTMENT TRUST)

1. We have reviewed the accompanying statement of unaudited standalone financial information of POWERGRID INFRASTRUCTURE INVESTMENT TRUST (the "Trust"), consisting of the Statement of profit and loss, explanatory notes thereto and the additional disclosures as required in paragraph 6 of Annexure A to the SEBI Circular No. CIR/IMD/DF/127/2016 dated November 29, 2016 ("SEBI Circular") for the quarter and half year ended September 30, 2022 (the 'Statement') attached herewith, being prepared by POWERGRID UNCHAHAH TRANSMISSION LIMITED (the 'Investment Manager') pursuant to the requirements of Regulation 23 of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014 as amended, read with the SEBI Circular.
2. The Statement which is the responsibility of the Investment Manager and has been approved by the Board of Directors of the Investment Manager, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, Interim Financial Reporting (Ind AS 34) read with Rule 2(1)(a) of Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with the SEBI Circular and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of Investment Manager personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the applicable Indian Accounting Standards ('Ind AS') as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India has not disclosed the information required to be disclosed in terms of Regulation 23 of the SEBI (Infrastructure Investment Trusts) Regulations, 2014 as amended, read with the SEBI Circular, including the manner in which it is to be disclosed, or that it contains any material misstatement.

* Figures of half year ended 30 September 2021 are for the period 13 May 2021 to 30 September 2021

Notes:

1. The above Un-audited Consolidated Financial Result for quarter and half year ended 30 September 2022 have been reviewed and approved by the Board of Directors of POWERGRID Unchahar Transmission Limited ('Investment Manager') at its meeting held on 09 November 2022.
2. The Un-audited Consolidated Financial Result comprises of the Statement of Profit and Loss and notes thereon and additional disclosures as required in paragraph 6 of Annexure A to the SEBI Circular no. CIR/IMD/DF/127/2016 dated 29 November 2016 ("SEBI Circular") of POWERGRID Infrastructure Investment Trust ("PGInvIT"/"Trust"), for the quarter ended 30 September 2022, 30 June 2022 and 30 September 2021, half year ended 30 September 2022 and 30 September 2021, half year and year ended 31 March 2022 being submitted by the Trust pursuant to the requirements of Regulation 23 of the SEBI (Infrastructure Investment Trusts) Regulations, 2014 and the circulars issued thereunder ("InvIT Regulations"). However, it is not a complete or condensed set of financial statements under Ind AS 34 since it omits various disclosures required by Ind AS 34 as the requirement of preparing financial information is primarily governed by the InvIT Regulations.
3. POWERGRID Infrastructure Investment Trust (the "Trust") holds 100% equity stake in Vizag Transmission Limited ("VTL" formerly known as POWERGRID Vizag Transmission Limited) and 74% equity stake in POWERGRID Kala Amb Transmission Limited ('PKATL'), POWERGRID Parli Transmission Limited ('PPTL'), POWERGRID Warora Transmission Limited ('PWTL') and POWERGRID Jabalpur Transmission Limited ('PJTL') as on 30 September 2022.
4. Pursuant to the Project Implementation and Management Agreement dated 23 January 2021, Project Manager is entitled to fees @ 15% of the aggregate annual fees payable under the O&M Agreements. Any applicable taxes, cess or charges, as the case may be, shall be in addition to the fee.
5. Pursuant to the Investment Management Agreement dated 18 December 2020, Investment Manager fees is aggregate of
 - a. ₹ 7,25,00,000 per annum, in relation to the initial SPVs; and
 - b. 0.10% of the aggregate Gross Block of all Holding Companies and SPVs acquired by the InvIT after the execution of this agreement.Further, the management fee set out above shall be subject to escalation on an annual basis at the rate of 6.75% of the management fee for the previous year. Any applicable taxes, cess or charges, as the case may be, shall be in addition to the management fee.
During the period, Trust has not acquired any assets.
6. The carrying amounts of the Groups' non-financial assets have been impaired for the period ended on September 30, 2022 based upon the valuation done by an external independent valuation expert.
7. Group has considered various internal and external information available up to the date of approval of Financial Statements and there has been no material impact of COVID-19 pandemic on the operations of the Subsidiaries for the quarter and half year ended 30 September 2022. However, the impact assessment of COVID 19 is a continuing process given the uncertainties associated with its nature and duration. The Group will continue to monitor any material changes to future economic conditions.
8. NAV as per Independent Valuer (INR/Unit) per unit of the Trust is Rs. 87.76 as on 30 September 2022.
9. The Trust is rated as "CCR AAA/Stable" from CRISIL, "[ICRA] AAA/Stable" from ICRA and "CARE AAA(Is)/Stable" from CARE.

Additional Disclosures as required by paragraph 6 of Annexure A to the SEBI Circular No. CIR/IMD/DF/127/2016

Statements of Earning per Unit (EPU)

Basic EPU amounts are calculated by dividing the profit for the year/period attributable to Unit holders by the weighted average number of units outstanding during the year/period.

Diluted EPU amounts are calculated by dividing the profit attributable to unit holders by the weighted average number of units outstanding during the period plus the weighted average number of units that would be issued on conversion of all the dilutive potential units into unit capital.

The following reflects the profit and unit data used in the basic and diluted EPU computation:

Particulars	For the Quarter ended on 30 September 2022	For the Quarter ended on 30 June 2022	For the Quarter ended on 30 September 2021	For the Half year ended on 30 September 2022	For the Half year ended on 31 March 2022	For the Half year ended on 30 September 2021	For the year ended on 31 March 2022
Profit after tax for calculating basic and diluted EPU (₹ in million)	(6,895.02)	2,075.56	(420.19)	(4,819.46)	4,385.67	682.75	5,068.42
Weighted average number of units in calculating basic and diluted EPU (No. in million)	910.00	910.00	910.00	910.00	910.00	722.31	815.90
Earnings Per Unit							
Basic (₹/unit)							
Diluted (₹/unit)	(7.58)	2.28	(0.46)	(5.30)	4.82	0.95	6.21
	(7.58)	2.28	(0.46)	(5.30)	4.82	0.95	6.21

Contingent Liabilities

- Claims against the Group not acknowledged as debts in respect of Disputed Income Tax/Sales Tax/Excise/Municipal Tax/Entry Tax Matters
 - Disputed Entry Tax Matters amounting to ₹ 96.28 million (Previous Year ₹ 96.28 million) contested before the Appellant Deputy Commissioner. In this regard, the ADC vide order dt.26.07.2018 in ADC Order No.777 had granted a conditional stay upon the Company depositing 35% of the disputed tax, i.e., ₹ 33.70 million. In hearing of the case, ADC (CT) has dismissed the appeal vide order dated 17.06.2020. The Company filed writ petition with Hon'ble High Court of the state of Telangana on 17.08.2020 and Hon'ble High Court grant stay for all further proceedings against the ADC order dated 17.06.2020. The Company is confident that this matter will be disposed off in favour of the Company.
 - Intimation received from Income Tax Department Under Section 143(1a) for demand of ₹ 3.11 million (For the Assessment Year 2019-20) against the Income Tax Return Filed for FY 2018-19. Appeal has been made to IT Department against the same.
 - In respect of claims made by various State/Central Government Departments/Authorities towards building permission fees, penalty on diversion of agriculture land to non-agriculture use, Nala tax, Water royalty etc. and by others, contingent liability of ₹ 5.89 million (Previous Year ₹ 5.89 millions) has been estimated
 - In respect of land acquired for the projects, the land losers have claimed higher compensation before various authorities/courts which are yet to be settled. In such cases, contingent liability of ₹ 0.01 million (Previous Year ₹ 0.01 millions) has been estimated
- Other contingent liabilities amount to ₹ 144.22 million (Previous Year ₹ 105.77 million) related to arbitration cases/RoW cases & Land compensation cases have been estimated.

Statement of Capital Commitments

Particulars	₹ In million			
	As on 30 September 2022	As on 30 June 2022	As on 30 September 2021	As at 31 March 2022
Estimated amount of contracts remaining to be executed on capital account and not provided for (Net of Advances)	372.31	417.83	108.48	102.11

Independent Auditor's Review Report on the Quarterly and Half Yearly Unaudited Consolidated Financial Information of the Trust pursuant to the Regulation 23 of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014 as amended

To the Board of Directors of POWERGRID UNCHAHAR TRANSMISSION LIMITED (As the Investment Manager of POWERGRID INFRASTRUCTURE INVESTMENT TRUST)

1. We have reviewed the accompanying statement of unaudited Consolidated financial information of POWERGRID INFRASTRUCTURE INVESTMENT TRUST (the 'Trust') and its subsidiaries (together referred to as "the Group"), consisting of the consolidated Statement of profit and loss, explanatory notes thereto and the additional disclosures as required in paragraph 6 of Annexure A to the SEBI Circular No. CIR/IMD/DF/127/2016 dated November 29, 2016 ("SEBI Circular") for the quarter and half year ended September 30, 2022 (the 'Statement') attached herewith, being prepared by POWERGRID UNCHAHAR TRANSMISSION LIMITED (the 'Investment Manager') pursuant to the requirements of Regulation 23 of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014 as amended, read with the SEBI Circular.
2. The Statement which is the responsibility of the Investment Manager and has been approved by the Board of Directors of the Investment Manager, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with Rule 2(1)(a) of Companies (Indian Accounting Standards) Rules, 2015, as amended, read with the SEBI Circular and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of Investment Manager personnel responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. The Statement includes the results of the POWERGRID Infrastructure Investment Trust and the following subsidiaries:
 - a. Vizag Transmission Limited (erstwhile "POWERGRID Vizag Transmission Limited)
 - b. POWERGRID Kala Amb Transmission Limited
 - c. POWERGRID Parli Transmission Limited
 - d. POWERGRID Warora Transmission Limited

e. POWERGRID Jabalpur Transmission Limited

5. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the applicable Indian Accounting Standards ('Ind AS') specified under section 133 of the Companies Act, 2013, as amended, read with Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India has not disclosed the information required to be disclosed in terms of Regulation 23 of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014 as amended, read with the SEBI Circular, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Valuation Report: POWERGRID Infrastructure Investment Trust

Fair Value: Transmission Assets Portfolio

Valuation Date: September 30th, 2022

STRICTLY CONFIDENTIAL

Date: October 28th, 2022

To
POWERGRID Unchahar Transmission Limited,
Investment Manager,
POWERGRID Infrastructure Investment Trust,
Sundamini, Plot No. 2,
Sector – 29, Near IFFCO Chowk,
Gurugram, Haryana – 122001, India

Subject: Half – Yearly Report on Fair value of Transmission Assets Portfolio of POWERGRID Infrastructure Investment Trust as per SEBI (Infrastructure Investment Trusts) Regulations, 2014 as amended.

This is in reference to our engagement wherein INMACS Valuers Private Limited (appointed registered valuer, hereinafter referred to as 'We', 'INMACS' or 'Valuer') has been appointed as independent valuer for POWERGRID Infrastructure Investment Trust vide letter of award dated August 01st, 2022 bearing reference no. 5006003197/OTHERS/DOM/A02-CC CS-3/NOA/01 in pursuance of provisions of Regulation 21 of the SEBI (Infrastructure Investment Trust) Regulations, 2014.

As per provisions of Regulation 21(5) of the SEBI (Infrastructure Investment Trust) Regulations, 2014:

"A half yearly valuation of the assets of the InvIT shall be conducted by the valuer for the half-year ending September 30th for a publicly offered InvIT for incorporating any key changes in the previous six months and such half yearly valuation report shall be prepared within one month from the date of end of such half year.."

In this regard, the Investment Manager and the Trustee intend to undertake the fair valuation of the transmission asset portfolio (hereinafter also referred to as 'Specified SPVs' collectively) as on September 30th, 2022.

INMACS Valuers is a registered valuer entity registered vide IBBI/RV-E/02/2021/141 with Insolvency and Bankruptcy Board of India (IBBI) providing valuation for following asset classes:

- (i) Securities and Financial Assets
- (ii) Land and Building
- (iii) Plant and Machinery

INMACS Valuers is a member of IOV Registered Valuer Foundation (IBBI Registration Number: IBBI/RVO/2017/002) for all the classes listed above in pursuance of Section 247 of Companies Act, 2013 read with Companies (Registered Valuers and Valuation) Rules, 2017.

We are pleased to submit this report outlining the scope, procedures, significant considerations, short description of methodology used and the valuation analysis/results. This report has been prepared only for the purpose stated herein and should not be relied for any other purpose.

The valuation analysis is based on information provided by the Management or obtained from sources as indicated in the report. Our work did not constitute an audit or an examination of internal controls or other attestation or review services. Accordingly, we do not express an opinion on the information presented. Further, the report is based on projections prepared by the Management. We express no opinion as to how closely the actual results achieved will correspond to those predicted for the business and we shall not be responsible or liable for the achievement of predicted results. Our valuation analysis should not be construed as investment advice specifically, we do not express any opinion on the suitability or otherwise of entering into any financial or other transaction with POWERGRID Infrastructure Investment Trust.

By its very nature, valuation analysis cannot be regarded as an exact science and the conclusions arrived at are subject to individual judgement and, therefore, there is, no indisputable single value. Although the conclusions are in our opinion reasonable and defensible, others might wish to argue for different values.

Our valuation and conclusion are included herein, and our Report complies with the SEBI (Infrastructure Investment Trust) Regulations, 2014 and guidelines, circular or notification issued by SEBI there under.

This letter, the Report and the summary of valuation included herein can be provided to Investment Manager's advisors and may be made available for the inspection to the public including but not limited to Unit holders, as a material document and with the Securities and Exchange Board of India, the stock exchanges and any other regulatory and supervisory authority, as may be required.

The valuation methodologies and approaches adopted by us are widely recognised and used. They are in compliance with Valuation standards issued by The Institute of Chartered Accountants of India and International Valuation Standards issued by International Valuation Standards Council (IVSC) and are accepted across India and internationally.

We would also like to record appreciation for the courtesy and co-operation received during the course of our work and look forward to continuing professional association.

B. Transmission Assets Overview

Vizag Transmission Limited erstwhile name: POWERGRID Vizag Transmission Limited	Inc. Date: November 30, 2011	COD: February 01, 2017
	- Established to setup transmission system for system strengthening in the southern region of India for import of power from the eastern region of India. - Transmission lines length: 956.84 ckm > 765 kV D/C line of 668 ckm from Srikakulam to Vemagiri in Andhra Pradesh. > 400 kV D/C line of 288.84 ckm from Khammam (Telangana) to Nagarjuna Sagar (Andhra Pradesh) - PGInvIT acquired the remaining 26% equity shareholding in VTL on 31st March 2022. The Trust now holds 100% stake in VTL	
POWERGRID Kala Amb Transmission Limited	Inc. Date: July 29, 2013	COD: July 12, 2017
	- Established to setup Transmission system for Northern Region System Strengthening Scheme NRSS- XXXI (Part A) 2.47 ckm of transmission line comprising LILO of 400 kV D/C Karcham Wangtoo-Abdullapur transmission line at Kala Amb (Himachal Pradesh) substation (on M/C towers) - In addition, the project includes one 400/220 kV substation of an aggregate transformation capacity of 630 MVA in Kala Amb (Himachal Pradesh), and 40% series compensation on 400 kV D/C line from Karcham Wangtoo (Himachal Pradesh) to Kala Amb (Himachal Pradesh) - PKATL has been allotted a project 'Implementation of One no. 125 MVA, 420 kV Bus Reactor at Kala Amb substation' by Ministry of Power, GoI under Regulated Tariff Mechanism. The project was notified on March 5, 2019. PKATL was granted a separate transmission licence for the project by Hon'ble CERC vide its order dated March 22, 2022.	
POWERGRID Parli Transmission Limited	Inc. Date: July 30, 2014	COD: June 4, 2018
	- Established to setup Transmission system associated with Gadawara STPS (2x800 MW) of NTPC (Part-B) - Transmission lines length: 966.12 ckm > 765 kV D/C line of 693.70 ckm from Warora to Parli in Maharashtra > 765 kV D/C line of 235.92 ckm from Parli to Solapur in Maharashtra > 400 kV D/C line of 36.50 ckm from Parli (New) to Parli (PG) - In addition, the project includes one 765/400 kV substation of an aggregate transformation capacity of 3,000 MVA in Parli (Maharashtra)	

	Inc. Date: August 05, 2014	COD: July 10, 2018
POWERGRID Warora Transmission Limited	- Established to setup Transmission system associated with Gadarwara STPS (2x800 MW) of NTPC (Part-A) - Transmission lines length: 1,028.11 ckm > 765 kV D/C line of 204.47 ckm from Gadarwara to Jabalpur in Madhya Pradesh (MP), including interim arrangement > 765 kV D/C line of 627.35 ckm from Gadarwara (MP) to Warora (Maharashtra) > Two 400 kV D/C lines comprising LILO of both circuits of 400 kV D/C Wardha-Parli (PG) line aggregating 196.29 ckm from LILO point of 400 kV D/C Quad Wardha-Parli transmission line to Warora pooling station - In addition, the project includes one 765/400 kV substation of an aggregate transformation capacity of 3,000 MVA in Warora (Maharashtra)	
	Inc. Date: August 14, 2014	COD: January 1, 2019
POWERGRID Jabalpur Transmission Limited	- Established to setup Transmission system strengthening associated with Vindhyachal-V - Transmission lines length: 745.05 ckm > 765 kV double circuit line from Vindhyachal to Jabalpur in Madhya Pradesh.

Value per equity share (₹/share)	54.92	33.68	29.10	22.61	24.62
Value of Equity Shareholding – PGInvIT (₹ Millions)	11,519.02	1,520.40	6,935.67	6,580.98	4,134.15

This executive summary should be read in conjunction with the following full report and not in isolation.

1. Background, Purpose and Appointment

POWERGRID Infrastructure Investment Trust (hereinafter referred to as 'PGInvIT' or "Trust") was settled by Power Grid Corporation of India Limited (hereinafter referred to as 'PGCIL') as an irrevocable trust set up pursuant to the Trust Deed, under the provisions of the Indian Trusts Act, 1882.

The Trust was registered with Securities and Exchange Board of India ("SEBI") on January 7, 2021 as an infrastructure investment trust under Regulation 3(1) of the InvIT Regulations having registration number IN/InvIT/20-21/0016.

PGInvIT came out with an initial public offering of its units which opened on April 29th, 2021 and closed on May 3rd, 2021. The units were listed on NSE and BSE on May 14th, 2021 and are actively traded as on date of valuation.

As per provisions of Regulation 21(5) of the SEBI (Infrastructure Investment Trust) Regulations, 2014:

"A half yearly valuation of the assets of the InvIT shall be conducted by the valuer for the half-year ending September 30th for a publicly offered InvIT for incorporating any key changes in the previous six months and such half yearly valuation report shall be prepared within one month from the date of end of such half year.."

In this regard, the Investment Manager and the Trustee intend to undertake the fair valuation of the transmission asset portfolio (hereinafter also referred to as 'Specified SPVs' collectively) as on September 30th, 2022.

We, INMACS Valuers Private Limited (hereinafter referred to as 'We', 'INMACS' or 'Valuer') have been appointed as independent valuer for POWERGRID Infrastructure Investment Trust vide letter of award dated August 01st, 2022 bearing reference no. 5006003197/OTHERS/DOM/A02-CC CS-3/NOA/01 in pursuance of provisions of the SEBI (Infrastructure Investment Trust) Regulations, 2014 by the investment manager to PGInvIT in consultation with the trustee.

INMACS Valuers is a registered valuer entity registered vide IBBI/RV-E/02/2021/141 with Insolvency and Bankruptcy Board of India (IBBI) providing valuation for following asset classes:

- a) Securities and Financial Assets
- b) Land and Building
- c) Plant and Machinery

Date of valuation for the abovementioned purpose shall be **September 30th, 2022**.

2. Valuer's Pecuniary Disclosure and Independence

The Valuer has no pecuniary interest in the said Trust, its sponsor, investment manager, project manager, trustee or any of the Companies in which the investment is made by it. The opinion expressed is free of any bias in this regard. The Valuer strictly follows the code of conduct of the Registered Valuation Organization of Insolvency and Bankruptcy Board of India (IBBI).

Furthermore, Valuer declares that:

- We are competent to undertake the financial valuation in terms of the SEBI InvIT Regulations; and
- We are an independent registered valuer entity and have prepared the Report on a fair and unbiased basis.

3. Sources of information

Our valuation exercise is based on the following information received from the Management:

- Audited Financial Statements of Specified SPVs for the period ended on March 31st, 2022.
- Limited reviewed but unaudited financial statements of Specified SPVs for the period April 01st, 2022 to September 30th, 2022.
- Investment Manager approved financial projections and business plans of Specified SPVs for the balance tenor of their Transmission Services Agreement ('TSA') (refer table below)

Specified SPV	Tenor of Transmission Service Agreement ("TSA")
Vizag Transmission Limited	31 January, 2052
POWERGRID Kala Amb Transmission Limited	11 July, 2052
POWERGRID Parli Transmission Limited	03 June, 2053
POWERGRID Warora Transmission Limited	09 July, 2053
POWERGRID Jabalpur Transmission Limited	31 December, 2053

- Copy of TSA, order for adoption of transmission charges, project implementation and management agreement, operations and maintenance agreement.
- Discussions with the Management on various issues relevant for the valuation.
- Information about the company, PGInvIT available in public domain.
- Such other information and explanation as requested by us and as provided by the Management.

4. Valuation procedures

We have carried out the valuations exercise, to the extent applicable, in accordance with ICAI Valuation Standards, 2018 ("ICAI VS") issued by the Institute of Chartered Accountants of India and in concurrence with International Valuation Standards.

- ✓ We have made a thorough understanding of the structure of trust by studying the trust deed along with supporting documents.
- ✓ Analysed the Historical financial data of the Specified SPVs
- ✓ We have made an in-depth study of the financial projections and business plans prepared by management. These have additionally been validated and sanity tested.
- ✓ Held discussion with the Management to the inter-alia understand the historical and expected performance of the Specified SPVs, along with the key factors affecting the performance, through extensive discussion meetings with management
- ✓ We have considered key terms of TSA
- ✓ Studied Technical Reports of Specified SPVs, provided by an independent consultant appointed by the Management
- ✓ Drawn an analysis of the key economic and industry factors which may affect the valuation.
- ✓ Analysed the relevant information in respect of the comparable companies/ comparable transactions, available in public domain/ subscribed databases.
- ✓ Appropriate and relevant valuation approach and valuation methodology/(ies) were adopted. Furthermore they were in accordance with ICAI VS.
- ✓ Determined the Enterprise Value and Equity Value of these Specified Entities to determine the fair value of transmission asset portfolio of the Trust.
- ✓ The detailed valuation report have been prepared after conducting physical inspection of Infrastructure Projects by the valuer.

5. Economy and Industry Overview

5.1 Economy Outlook

The Indian economy has fully recovered to the pre-pandemic real GDP level of 2019-20. Real GDP growth in FY 2021-22 stands at 8.7%, which is 1.5% higher than the real GDP in FY 2019-20. These figures are associated with stronger growth momentum, indicating increased economic demand. The investment rate in the fourth quarter increased to its highest level in the previous nine quarters. Moreover, capacity utilisation in the manufacturing sector rose in the fourth quarter, as against the third quarter, implying a build-up in demand, which is consistent with the growth objectives of the Indian economy.

India is primarily a domestic demand-driven economy, with consumption and investments contributing 70% to the country's economic activity.

India has emerged as the fastest-growing major economy in the world, and is expected to be one of the top three economic powers globally over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's nominal GDP at current prices was estimated at Rs. 232.15 trillion (US\$ 3.12 trillion) in FY22. With more than 100 unicorns valued at US\$ 332.7 billion, India has the third-largest unicorn base in the world. The government is also focusing on renewable sources to generate energy, and is planning to achieve 40% of its energy from non-fossil sources by 2030.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth in this period. India's current account deficit (CAD), primarily driven by an increase in the trade deficit, stood at 1.2% of GDP in 2021-22.

As of September 30, 2022, India's foreign exchange reserves reached US\$ 532.66 billion. India's merchandise exports stood at US\$ 676.2 billion in FY22. In September 2022, India's merchandise exports is estimated at US\$ 35.45 billion as per the data released by Ministry of Commerce & Industry.

According to the Department for Promotion of Industry and Internal Trade (DPIIT) latest available data, FDI equity inflow in India stood at US\$ 605 billion between April, 2000 – June, 2022.

Indian economic performance in the first half of 2022-23 has been impressive compared to the world. As measured by PMI composite index, the economic activity level was higher for India at 56.7 compared to 51.0 for the World level during April-Sept 2022. On the external front, the rupee has performed relatively well in H1:2022-23 compared to other major economies, reflecting the strong fundamentals of the Indian economy. Central Government's continuous thrust on capital expenditure promotes broad-based growth by facilitating private sector capital formation. Significant pick-up in consumption has resulted in a more-than-proportionate jump in GST revenues; a more robust economic recovery could allow the collections to settle at an elevated level, proving the high revenue productivity of the broad-based consumption. A well-capitalized banking system has led to an upswing in credit disbursement to the retail, industry and services segments.

5.2 Industry Overview

The target subject to valuation belongs to Transmission Sector in Power Industry in India

Power Industry

India is third largest producer and consumer of electricity in the world. Its power sector is one of the most diversified in the world, which includes power generation from conventional sources (coal, lignite, natural gas, oil, hydro and nuclear power) and non-conventional sources (wind, solar, and agricultural and domestic waste).

As on September 30, 2022, the total installed capacity of power stations in India stood at 407.80 GW.

Installed capacity has increased steadily over the years, posting a CAGR of 4.56%% between FY2016-FY2023 (till September).

The fuel-wise installed generation capacity from fossil fuels like coal, lignite, gas and diesel stood at 236.09 GW, whereas non-fossil fuels like hydro, small hydro, wind, solar, waste-to-energy and other renewable energy, including nuclear energy, contributed to 171.71 GW.

With electricity generation (including renewable sources) of 846.10 BU in India in the first two quarters of FY23, the country witnessed a growth of 10.67%.

All India actual PLF of thermal power plants stood at 60.54% and actual PLF for nuclear power plants stood at 69.75% in September 2022.

As per the updated NDC, India now stands committed to reduce Emissions Intensity of its GDP by 45 percent by 2030, from 2005 level and achieve about 50 percent cumulative electric power installed capacity from non-fossil fuel-based energy resources by 2030.

A growing population coupled with increasing electrification and per-capita electricity usage will drive the demand for electricity, along with increased industrial activity.

India's power sector is forecast to attract investment worth Rs. 9-9.5 trillion (US\$ 128.24-135.37 billion) between FY19-FY23. Total FDI inflows in the power sector reached US\$ 15.89 billion between April 2000 - March 2022. As per the National Infrastructure Pipeline 2019-25, energy sector projects accounted for the highest share (24%) out of the total expected capital expenditure of Rs. 111 lakh crore (US\$ 1.4 trillion).

100% FDI allowed in the power sector has boosted FDI inflow in this sector. Electrification in the country is increasing with support from schemes like Deen Dayal Upadhyay Gram Jyoti Yojana (DDUGJY), Ujwal DISCOM Assurance Yojana (UDAY), and Integrated Power Development Scheme (IPDS).

In the Union Budget 2022-23, the government allocated Rs. 19,500 crore (US\$ 2.57 billion) for a PLI scheme to boost manufacturing of high-efficiency solar modules. In order to meet India's 500GW renewable energy target and tackle the annual issue of coal demand supply mismatch, the Ministry of Power has identified 81 thermal units which will replace coal with renewable energy generation by 2026.

Transmission Sector

Placed critically between the generation and distribution, transmission plays a pivotal role in ensuring energy delivery to the centres of consumption. India's shift to a cleaner economy is bound to create a need for a robust grid to connect the renewable energy rich centres in the West and South to the demand centres in the North and the West. Unlike conventional thermal capacity, which requires 4-6 years for commissioning, renewables require ~2 years to develop. Consequently, pace of transmission build-out will require expediting to keep pace with the growing renewable mix. In alignment with this, the CTU in its Inter-State Transmission System (ISTS) Rolling Plan for 2027-28 - Interim Report has identified transmission schemes comprising of 20,782 ckm of transmission lines and transformation capacity of 173,655 MVA at estimated cost of Rs. 1,05,562 crores. Breakup of the addition of assets to be added as per Inter-State Transmission System (ISTS) Rolling Plan for 2027-28 - Interim Report is as per the below schedule.

S. No.	Financial year	ckm addition	MVA addition	Estimated cost(in millions)
1	2023-24	840	6,500	36,800
2	2024-25	10,040	95,530	3,34,360
3	2025-26	7,094	64,050	3,82,280
4	2026-27	2,808	7,575	3,02,180
Total		20,782	173,655	10,55,620

Further, the Inter-Regional (IR) transmission capacity is expected to grow from present level of 1,12,250 MW to about 1,30,340 MW in 2027-28.

Due to geographical location, India shares its boundaries with many South Asian countries and can play an important role in exchange of power to these countries for optimal utilisation of resources in particular and development of economy in general. Transmission of power is economical than transportation of fuel. Towards this, it is important to establish electrical interconnections with neighbouring countries which would be beneficial in meeting growing power demand, sharing of various types of energy resources, decreasing operational cost through better resource management, utilizing renewable energy resources and deferring investment by optimizing spinning reserve. The cross-border transmission capacity of India with neighbouring countries in present time-frame and through under construction interconnections is summarized in below schedule.

Country	Existing (MW)	Under construction(MW)	Planned (MW)	Total (MW)
India - Bangladesh	1,160	-	-	1,160
India - Bhutan	1,948	2,220	-	4,168
India - Myanmar	3	-	505	508

6. About POWERGRID Infrastructure Investment Trust

POWERGRID Infrastructure Investment Trust (hereinafter referred to as 'PGInvIT' or, 'Trust') was settled by Power Grid Corporation of India Limited (hereinafter referred to as 'PGCIL') as an irrevocable trust set up pursuant to the Trust Deed, under the provisions of the Indian Trusts Act, 1882.

The Trust was registered with Securities and Exchange Board of India ("SEBI") on January 7, 2021 as an infrastructure investment trust under Regulation 3(1) of the InvIT Regulations having registration number IN/InvIT/20-21/0016.

The Trust has been set-up to own, construct, operate, maintain and invest as an Infrastructure Investment Trust (InvIT) as permissible under SEBI InvIT Regulations, including in power transmission assets in India.

The underlying assets of the Trust presently include five inter-State Transmission System (ISTS) projects (hereinafter referred to as 'Special Purpose Vehicles' or 'SPVs') implemented under the Tariff Based Competitive Bidding (TBCB) mechanism.

Power Grid Corporation of India Limited (PGCIL), a Maharatna CPSE under Ministry of Power, Government of India is the Sponsor of PGInvIT. The Sponsor's equity shares are listed on BSE and NSE.

POWERGRID Unchahar Transmission Limited (hereinafter referred to as 'PUTL'), a wholly owned subsidiary of PGCIL has been appointed as Investment Manager to the Trust. PUTL owns and operates 106.74 ckm transmission project implemented under tariff based competitive bidding mechanism and thus, carries the experience of industry and in-depth insights about the operations of the business of the infrastructure assets which forms the part of the investment portfolio of the Trust.

Power Grid Corporation of India Limited (PGCIL) is also appointed as Project Manager in respect of the Trust.

IDBI Trusteeship Services Limited, registered with SEBI under the Securities and Exchange Board of India (Debenture Trustee) Regulations, 1993 has been engaged as Trustee to the Trust.

PGInvIT came out with an initial public offering of its units which opened on April 29th, 2021 and closed on May 3rd, 2021. The units were listed on NSE and BSE on May 14th, 2021 at a price of ₹104 per unit (i.e. at a premium of 4% on the issue price of ₹100 per unit.)

Tickr/ Symbol	Stock exchange	Close price	Return % since listing	Market Cap (₹ millions)

Unitholding pattern reported as on September 30, 2022

The Asset Portfolio

The Portfolio Assets comprise five power transmission projects located across five states of India. The projects comprise 11 transmission lines, including six 765 kV transmission lines and five 400 kV transmission lines, with a total circuit length of approximately 3,698.59 ckm, and three substations with 6,630 MVA of an aggregate transformation capacity and 1,955.66 km of optical ground wire. Each of the Initial Portfolio Assets has in place a long-term TSA of 35 years from the Scheduled COD of the relevant Initial Portfolio Asset. Upon expiry of the term of a TSA, the relevant Initial Portfolio Asset can apply to CERC for renewal if it is not unilaterally extended by CERC.

PGInvIT had acquired 74% of equity shares stake in each of 5 SPVs from PGCIL pursuant to the IPO. The transfer of funds to the Sponsor towards consideration for acquisition of 74% equity holding was completed during May 2021.

Below is the snapshot of Asset Portfolio of PGInvIT

Description	Vizag Transmission Limited	POWERGRID Kala Amb Transmission Limited	POWERGRID Parli Transmission Limited	POWERGRID Warora Transmission Limited	POWERGRID Jabalpur Transmission Limited

7. Valuation Base and Premise

7.1 Valuation Base

IVS 102 defines the Valuation Bases and prescribes the corresponding fundamental assumptions on which Valuation will be based and provide the premises of values.

IVS 102 provides three Valuation Bases which are required to be chosen by the Valuer considering the terms and purpose of the Valuation engagement

- I. Fair Value: Price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the Valuation Date.
- II. Participant Specific Value: Estimated value of an asset or liability after considering the advantages and disadvantages that may arise to the owner, identified participant or identified acquirer.
- III. Liquidation Value: Amount that will be realized on sale of an asset or a group of assets when an actual / hypothetical termination of the business is contemplated / assumed.

Fair Value as per ICAI VS defined as under:

"Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the valuation date. "

7.2 Premise of Valuation

Premise of Value refers to the conditions and circumstances how an asset is deployed. The going concern value premise is defined as under:

"Going concern value is the value of a business enterprise that is expected to continue to operate in the future. The intangible elements of going concern value result from factors such as having a trained work force, an operational plant, the necessary licenses, systems, and procedures in place, etc".

8. Valuation Approaches

There are various methods adopted for valuing the underlying assets of an entity. Certain methods are based on asset value while certain other methods are based on the earnings potential of the asset. Each method proceeds on different fundamental assumptions which have greater or lesser relevance and at times even no relevance, to a given situation. Thus, the methods to be adopted for a particular valuation exercise must be judiciously chosen. The valuation approaches and methods shall be selected in a manner which will maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

8.1 Cost Approach

The cost approach reflects the amount that would be required currently to replace the service capacity of an asset. Often, the value of the business/asset is driven in terms of the investment that would be required to replace the assets they have assembled.

8.1.1 Net Asset Value ("NAV") Method

The Net Assets Value Method under cost approach derives the value of the overall business by based on the value of the underlying assets and liabilities comprising the business (tangible and intangible assets, whether recorded on the balance sheet or not) on the valuation date.

8.2 Income Approach

Income approach is a valuation approach that converts maintainable or future amounts (e.g., cash flows or income, cost savings and expenses) to a single current (i.e., discounted or capitalised) amount. The fair value measurement is determined on the basis of the value indicated by current market expectations about those future amounts.

8.2.1 Discounted Cash Flow (“DCF”) Method

The DCF method values the asset by discounting the cash flows expected to be generated by the asset or a business for the explicit forecast period and also the perpetuity value (or terminal value) in case of assets/business with indefinite life.

The DCF method is one of the most common methods for valuing various assets such as shares, businesses, debt instruments, etc.

This method involves discounting of future cash flows expected to be generated by an asset over its life using an appropriate discount rate to arrive at the present value.

The following are important inputs for the DCF method:

- Cash flows;
- Discount rate; and
- Terminal value

8.3 Market Approach

Market approach is a valuation approach that uses prices and other relevant information generated by market transactions involving identical or comparable (i.e., similar) assets, liabilities or a group of assets and liabilities, such as a business.

The following are some of the instances where a valuer applies the market approach:

- a) where the asset to be valued or a comparable or identical asset is traded in the active market;
- b) there is a recent, orderly transaction in the asset to be valued; or
- c) there are recent comparable orderly transactions in identical or comparable asset(s) and information for the same is available and reliable

8.3.1 Market Price Method

Under Market Price method the traded price observed over a reasonable period while valuing assets which are traded in the active market is considered.

The market price of an asset as quoted in an active market is normally considered as the fair value of said asset where such quotations are arising from the asset being regularly and freely traded in, subject to the element of speculative support that maybe inbuilt in the value of the asset.

As per **ICAI Valuation Standard- 301: Business Valuation:**

Enterprise Value: Enterprise Value is the value attributable to the equity shareholders plus the value of debt and debt like items, minority interest, preference share less the amount of non-operating cash and cash equivalents.

Business Value: Business value is the value of the business attributable to all its shareholders

Equity Value: Equity Value is the value of the business attributable to equity shareholders.

As per International Valuation Standard **IVS 200 Businesses and Business Interests**

Enterprise value: Often described as the total value of the equity in a business plus the value of its debt or debt-related liabilities, minus any cash or cash equivalents available to meet those liabilities.

Total invested capital value: The total amount of money currently invested in a business, regardless of the source, often reflected as the value of total assets less current liabilities and cash.

Operating Value: The total value of the operations of the business, excluding the value of any non-operating assets and liabilities.

Equity value: The value of a business to all of its equity shareholders.

9. Valuation Analysis

9.1 The adopted approaches

After analyzing the above mentioned approaches and gaining understanding of the Trust structure, we derive that the Specified SPVs are to be valued at enterprise level as a going concern taking into consideration all the future aspects of the business.

These Specified SPVs are not listed on any stock exchange. Thus, active market prices are not available for the equity shares of the company, hence Market Price Method cannot be applied.

Taking into consideration other observable inputs available and the fact that these Specified SPVs are not under liquidation or facing any kind of distress, the cost approach will not provide reliable value.

The Investment Manager has shared the financial projections for the balance tenor of TSA. Therefore, we conclude that employing discounted cash flow method under income approach will be the most suitable method and approach in this case as it serves as an indicator of the prospective return that the business is able to generate in the future. The discounted cash flow method is very effective because it allows values to be determined even when cash flows are fluctuating.

The DCF method uses the future free cash flows of the firm holders discounted by the cost of capital to arrive at the present value. In general, the DCF method is a strong and widely accepted valuation tool, as it concentrates on cash generation potential of a business. This method is based on future potential and is widely accepted.

The valuation premises, basis, approaches and methods for respective Specified SPVs is adopted as below:

Particulars	Vizag Transmission Limited	POWERGRID Kala Amb Transmission Limited	POWERGRID Parli Transmission Limited	POWERGRID Warora Transmission Limited	POWERGRID Jabalpur Transmission Limited
Valuation Base	Fair Value	Fair Value	Fair Value	Fair Value	Fair Value
Valuation Premise	Going Concern	Going Concern	Going Concern	Going Concern	Going Concern
Valuation Approach	Income Approach	Income Approach	Income Approach	Income Approach	Income Approach
Method Adopted	Discounted Cash Flow Method	Discounted Cash Flow Method	Discounted Cash Flow Method	Discounted Cash Flow Method	Discounted Cash Flow Method

9.2 Discounted Cash Flows Method: Critical Inputs

As discussed earlier, the following are important inputs for the DCF method:

- Cash flows;
- Discount rate; and
- Terminal value and growth rate

9.2.1 Future Free Cash Flows:

The future free cash flows are derived considering, inter alia, the changes in the working capital and any capital expenditure. They are an aggregation of free cash flows of company during the explicit forecast period – prepared based on the business plan – and during the post explicit forecast period, estimated using an appropriate method, and are available to Company's shareholders.

Generally, in DCF there are two work-arounds for determining future free cash flows depending upon the valuation requirements, being:

- Free Cash Flow to Firm (FCFF)
- Free Cash Flow to Equity (FCFE)

We have opted Free Cash Flow to Firm (FCFF) for our valuation analysis. After determining the Free cash flow at present value we add up surplus assets and reduce the market value of debt as on date of valuation and other non-equity claims to arrive at the value of equity.

FCFF = NOPAT + Non-Cash Charges +/- Net Capital Expenditure +/- Non-Cash Working Capital Changes

9.2.2 Discount rate

The appropriate discount rate for discounting FCFF is Weighted Average Cost of Capital ('WACC'). Same has been applied to calculate values on September 30th, 2022

Computation of WACC

$$WACC = K_d \times (1-t) \times W_d + K_e \times W_e$$

Where

K_d = Estimated pre-tax cost of debt

t = applicable corporate tax rate

W_d = (Debt/(Debt+Equity))

K_e = Cost of Equity

W_e = (Equity/(Debt+Equity))

D = market value of debt

E = market value of equity

9.2.3 Cost of Debt

The cost of debt is the rate at which the company is able to raise debt. A number of methods can be employed to determine a company's cost of debt be it the actual cost at which company has raised the debt or matrix pricing method.

9.2.4 Cost of Equity

Cost of equity has been estimated based on the capital asset pricing model i.e. CAPM. This model calculates the cost of equity of a Company as the sum of the risk-free rate and a Company specific equity risk premium, the latter of which represents the risk of company in question as compared to the market risk premium

Calculation of Cost of Equity by employing CAPM

$$\text{Cost of Equity} = R_f + \beta (R_m - R_f)$$

Where:

R_f

Risk Free Rate

β /Beta

A measure of observed volatility of the company compared to the market

$(R_m - R_f)$

It is Equity or Market Risk Premium

Below is the summary of WACC:

Weighted Average Cost of Capital

Parameter	Abv	VTL	PKATL	PPTL	PWTL	PJTL	Remarks
Cost of Equity	K_e	12.12%	12.12%	12.12%	12.12%	12.12%	Capital Asset Pricing Model

Notes:

- The current cost of debt of Specified SPVs comes to be 14.50% as a result of arrangement made between PGInvIT acting through its investment manager, the company and the Trustee of PGInvIT. As per the Facility agreement entered into between the Company, Investment manager and the Trustee, the Company shall, with prior notice to the Trustee, be entitled to prepay all or any portion of the outstanding principal amounts of the Loan, without any prepayment penalty or premium. Considering the same, the cost of debt has been considered as above. Therefore, in order to arrive at a fair value of the enterprise, we have considered this (6.41%) as post tax cost of debt for the company as reasonable basis in normal course of business without posing any advantage or disadvantage due to any special arrangement within the stakeholders.

9.2.5 Terminal Value

Terminal value represents the present value at the end of explicit forecast period of all subsequent cash flows to the end of the life of the asset or into perpetuity if the asset has an indefinite life.

We understand from the Management that the ownership of the project assets shall remain with Specified SPVs after completion of the term of the TSA and that the project assets will continue to have economic utility beyond the term of the TSA. Considering the aforementioned, terminal Value at the end of the forecast period has been estimated based on the projected annualized revenue and EBITDA margins in the last forecast year and assuming a long-term growth rate of 0% and maintainable capital expenditure equal to the annual depreciation during the forecast period.

10. DCF Valuation Analysis of Specified SPVs

10.1 Vizag Transmission Limited

10.1.1 About the company

Company	Vizag Transmission Limited
CIN	U40300DL2011GOI228136
Erstwhile name	POWERGRID Vizag Transmission Limited
Incorporation date	November 30, 2011
Gross block as on September 30, 2022	₹13,097.66 millions
Total length	956.84 ckm
TSA date	May 14, 2013
Scheduled COD	September 04, 2016
Project COD	February 01, 2017
Expiry date	35 years from the date of COD
Project COD	February 01, 2017
PGCIL shareholding	-
PGInvIT shareholding	100%

Vizag Transmission Limited ('VTL') erstwhile name POWERGRID Vizag Transmission Limited ('VTL'), was incorporated on 30th November 2011. Vizag Transmission Limited entered into a transmission service agreement dated 14th May 2013 with its Long-Term Transmission Customers ('LTTCs') (the 'VTL TSA') to strengthen transmission system in the southern region of India for import of power from the eastern region of India, on a Build Operate Own Maintain ('BOOM') basis.

The project was awarded on 31st July 2013, through the TBCB mechanism, for a 35-year period from the Scheduled COD (as extended pursuant to the letter issued by TANGEDCO dated 27th September 2017), i.e., 1st February 2017. VTL was granted a transmission license by the CERC on 8th January 2014.

Subsequently, VTL entered into a TSA dated 21st November 2015 with the CTU, inter-state transmission service customers, inter-state transmission service licensees and non-inter-state transmission service licensees whose assets have been certified as being used for inter-state transmission by the regional power committee ('RPCs'), and a revenue sharing agreement dated 21st November 2015 with the CTU.

VTL operates two transmission lines of 956.84 ckm comprising one 765 kV double circuit line of approximately 668 ckm from Srikakulam (Andhra Pradesh) to Vemagiri (Andhra Pradesh) and one 400 kV double circuit line of 288.84 ckm from Khammam (Telangana) to Nagarjuna Sagar (Andhra Pradesh)

PGInvIT acquired the remaining 26% equity shareholding in VTL on 31st March 2022 and the name changed from POWERGRID Vizag Transmission Limited ('VTL') to Vizag Transmission Limited. The Trust now holds 100% stake in VTL

As of September 30th 2022, the Gross Block of Property, Plant and Equipment (including Intangibles) was ₹13,097.66 Mn.

All the elements have been successfully charged and Date of Commercial Operations (DOCO) declared as per details below:

Transmission Line/ Substations	Location	Line length/ Capacity	Specifications	COD	Contribution to total transmission charges
Khammam (Existing) – Nagarjuna Sagar	Andhra Pradesh and Telangana	288.84	400 kV D/C	03-Jan-16	15.25%
Srikakulam PP –Vemagiri-II Pooling Station	Andhra Pradesh	668	765 kV D/C	01-Feb-17	84.75%

Source: Management inputs

GRID Map of "System Strengthening in Southern region for Import of power from Eastern Region".

Historical Average Annual Availability of VTL

Source: Management Input

Note: Average availability for FY 2022-23 (Apr-Sep) is on provisional basis

We have been provided with the financial projections of the VTL for balance tenor of the TSA i.e. uptill January 31st, 2052, therefore we have referred the same for our analysis. Estimation of the net cash flows of the company to be in explicit period based on these financial projections.

The projections of VTL are based on the following critical inputs

Inputs	Details
Transmission Revenue	Transmission revenue of VTL is provided in the TSA for the life of the project. It comprises non-escalable transmission revenue and escalable transmission revenue as follows::
	<u>Non-Escalable Transmission Revenue</u> – It has been considered based on long term Transmission Service Agreement of VTL . We have corroborated the non-escalable transmission revenue provided by the Management in the financial projections with the TSA of VTL. <u>Escalable Transmission Revenue</u> – It is the revenue component where revenue is escalated each year based on the escalation index which is computed as per the annualized escalation rate notified by the CERC every 6 months. This escalation is done mainly to compensate VTL for inflation. A quarterly cumulative escalation rate of 6.06% for the forecast period beginning 1st October 2022 has been considered, which is based on the average of historical rates notified by the CERC for the period 1st April 2018 to 31st March 2023.

Inputs	Details
	As per the TSA, if the availability in a contract year exceeds the target availability of 98%, VTL shall be entitled to an annual incentive as follows:
Incentive	Incentive = $0.02 \times \text{Annual Transmission Charges} \times (\text{Actual Annual Availability} - \text{Target Availability})$ No incentive shall be payable above the availability of 99.75%. Management expects the annual availability for VTL at or above 99.75% during the forecast period.
Penalty	If the availability in any contract year falls below 95%, VTL shall be penalised as per the TSA. As represented to us by the Management, the availability in any contract year shall not fall below 95% during the forecast period and thus the penalty has not been considered in the financial projections.
Operations & Maintenance ("O&M") Expenses	O&M expenses for VTL have been estimated by the Management at INR 37.67 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 3.51% per annum as per O&M Agreement and Management estimates. We have relied on the projections provided by the Management.
Project Management ("PM") Expenses	Project Management expenses for VTL have been estimated by the Management at INR 5.65 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 3.51% per annum as per Project Implementation and Management Agreement. We have relied on the projections provided by the Management.
License fees	Annual License fee has been estimated by the Management for the forecast period at 0.11% of Annual Transmission Charges as provided under the CERC regulations.
Insurance Expenses	Insurance expenses for VTL have been estimated by the Management (based on the invoice obtained from insurer) as INR 47.17 Mn in FY2023. Insurance expenses are expected to be constant throughout the life of the project.
Key Managerial Personnel Expenses	Key Managerial Personnel Expenses for VTL have been estimated by the Management as INR 2.66 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 6.50% per annum.
System and Market Operation Charges	System and Market Operation Charges for VTL have been estimated by the Management as INR 7.98 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 6.50% per annum.

Inputs		Details										
Audit Expenses		Audit Expenses for VTL have been estimated by the Management as INR 0.28 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 10% per annum.										
Other Administrative Expenses and Other Expenses		Other Administrative Expenses and Other Expenses for VTL have been estimated by the Management as INR 0.78 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 10% per annum.										
Breakdown Contingencies		The Management has estimated that an amount of INR 0.50 Mn per annum shall be spent with respect to breakdown contingencies for VTL during the forecast period.										
CSR Expense		As per the provisions of Section 135 of the Companies Act 2013, a CSR Expense of 2% of the average profits for the past 3 years for VTL has been considered.										
Depreciation		Depreciation is being calculated using the StraightLine Method over the life of the project considering a salvage value of 5% as per the Companies Act, 2013. For calculating depreciation as per the Income Tax Act for the projected period, depreciation rate as specified in the Income Tax Act and WDV as per Income Tax Return filed by VTL has been considered. VTL is expected to incur certain maintenance capital expenditure during the forecast period. The effect of the same has been considered while computing both book and income tax depreciation.										
Tax Rates		VTL shall pay taxes as follows over the forecast period <table><tr><th>Regime</th><th>Period</th><th>Marginal Corporate Income Tax Rate</th></tr><tr><td>Old Regime</td><td>Till FY2043</td><td>29.12%</td></tr><tr><td>New Regime</td><td>FY2044 onwards</td><td>25.17%</td></tr></table>		Regime	Period	Marginal Corporate Income Tax Rate	Old Regime	Till FY2043	29.12%	New Regime	FY2044 onwards	25.17%
Regime	Period	Marginal Corporate Income Tax Rate										
Old Regime	Till FY2043	29.12%										
New Regime	FY2044 onwards	25.17%										
Tax Incentive		VTL is eligible for tax holiday under section 80IA of Income Tax Act. Such tax holiday shall be available for any 10 consecutive years out of 15 years beginning from the date of COD. For VTL, the tax holiday benefit proposed to be claimed as follows: <table><tr><th>Component</th><th>Tax Holiday period</th></tr><tr><td>Khammam (Existing) – Nagarjuna Sagar</td><td>FY2020-21 to FY2029-30</td></tr><tr><td>Srikakulam PP – Vemagiri-II Pooling Station</td><td>FY2021-22 to FY2030-31</td></tr></table>		Component	Tax Holiday period	Khammam (Existing) – Nagarjuna Sagar	FY2020-21 to FY2029-30	Srikakulam PP – Vemagiri-II Pooling Station	FY2021-22 to FY2030-31			
Component	Tax Holiday period											
Khammam (Existing) – Nagarjuna Sagar	FY2020-21 to FY2029-30											
Srikakulam PP – Vemagiri-II Pooling Station	FY2021-22 to FY2030-31											

Inputs	Details
Working Capital	The Management have envisaged the working capital requirement of VTL for the forecast period. The major operating working capital assumptions are as follows: - Trade Receivables days – 45 days - Unbilled Revenue days – 31 days
Debt	The borrowings as of 30th September 2022 of VTL is from PGInvIT at an interest rate of 14.5% p.a.
Capital Expenditure	The Management has provided us estimated capital expenditure to be incurred over the forecast period for VTL. We have relied on the projections provided by the Management.
Contingent Liabilities	The Management represented that, as per the Share Purchase Agreement executed between POWERGRID, IDBI Trusteeship Services Limited (in its capacity as Trustee to PGInvIT), PUTL (in its capacity as Investment Manager to PGInvIT) and Specified SPVs, POWERGRID has undertaken to indemnify, defend and hold harmless the Trust and the Investment Manager from and against losses which relate to or arise from inter-alia any pending or threatened claims against the Specified SPVs from the period prior to and including the First Closing Date i.e. 13th May 2021. And no major contingent liabilities that have arisen for the period after 13th May 2021. Since no contingent liability has to be borne by VTL, there is no impact of contingent liability on the valuation.

Sensitivity Analysis

Sensitivity analysis is an analysis technique that works on the basis of what-if analysis like how independent variables can affect the dependent variable. As discussed above, DCF valuation involves use of critical inputs to determine equity value, these critical inputs are independent variables and resultant equity value is dependent variable.

The table below is a what-if analysis table, wherein the impact on equity value and enterprise value has been produced considering had critical input being discount rates vary by 50 basis points in either direction.

Sensitivity		Equity Value	Enterprise Value
		(in ₹ millions)	
Discount rates	9.01%	11,519.02	18,953.41
	8.00%	13,590.95	21,025.35
	8.50%	12,513.18	19,947.57
	9.00%	11,545.07	18,979.46
	9.50%	10,670.43	18,104.82
	10.00%	9,876.21	17,310.60

10.1.3 Additional Disclosures

The Schedule V of the SEBI InvIT Regulations prescribes the minimum set of mandatory disclosures to be made in the valuation report.

Below is the additional information as required by the regulations

Parameter	Details
List of one-time sanctions/approvals which are obtained or pending:	The list is enclosed in Annexure – 1 to the report.
List of up to date/ overdue periodic clearances:	We have included the details in Annexure – 1 to the report.
Statement of assets included:	The details of assets of VTL as of September 30 th , 2022 are provided in Annexure – 6.

Parameter	Details												
Estimates of already carried out as well as proposed major repairs and improvements along with estimated time of completion:	We understand from the Management that no major repairs and improvements of the assets have been performed till date. Also, VTL does not plan to perform any major repairs and improvements during the life of the project. However, VTL incurs regular annual maintenance charges of Transmission Lines. The projected operation and maintenance charges for the life the project along with the projected inflation rate is as follows: <table> <tr> <th>Expenses</th><th>O&M Expenses</th></tr> <tr> <td>April - Jun FY23</td><td>18.90</td></tr> <tr> <td>Jul - Mar FY23</td><td>18.80</td></tr> <tr> <td>FY 2024</td><td>38.99</td></tr> <tr> <td>FY 2025</td><td>40.36</td></tr> <tr> <td>Annual inflation rate FY23 to FY51</td><td>3.51%</td></tr> </table> Source: Management input Expenses in ₹ millions	Expenses	O&M Expenses	April - Jun FY23	18.90	Jul - Mar FY23	18.80	FY 2024	38.99	FY 2025	40.36	Annual inflation rate FY23 to FY51	3.51%

Revenue pendencies including local authority taxes associated with InvIT asset and compounding charges if any.	The Management has informed that there are no dues including local authority taxes pending to be payable to the Government authorities except as disclosed in the audited financial statements.												
On-going material litigations including tax disputes in relation to the assets, if any;	The list of on-going material litigations including tax disputes in relation to VTL are provided in Annexure – 11.												
Vulnerability to natural or induced hazards that may not have been covered in town planning building control	Management has confirmed that there are no such natural or induced hazards which have not been considered in town planning/ building control.												
Latest Pictures of the project along with date of physical inspection	Please refer Annexure – 16.												
Valuation of the project in the previous 3 years	VTL : Equity Value (100%) as on March 31st, 2022: ₹14,453.2 millions Source: Report on Fair Valuation of Transmission Assets acquired by POWERGRID Infrastructure Investment Trust issued by RBSA Valuation Advisors LLP dated May 17th, 2022 bearing Report Reference Number: RVA2223DELREP002												
Purchase price of the project by the InvIT	INR 11,561.36 million (acquired 74% during IPO) INR 330.78 million (Acquired 26% on 31.03.2022)												

10.2 POWERGRID Kala Amb Transmission Limited

10.2.1 About the Company

Company	POWERGRID Kala Amb Transmission Limited
CIN	U40106DL2013GOI256048
Erstwhile name	NRSS XXXI (A) Transmission Limited
Incorporation date	July 29, 2013
Gross block as on September 30, 2022	₹3,338.95 millions
Total length	2.47 ckm
TSA date	January 02, 2014
Scheduled COD	July 12, 2017
Expiry date	35 years from the date of COD
Project COD	July 12, 2017
PGCIL shareholding	26%
PGInvIT shareholding	74%

POWERGRID Kala Amb Transmission Limited (PKATL) was incorporated on 29th July 2013. NRSS XXXI (A) Transmission Limited (erstwhile name of PKATL) entered into a transmission service agreement dated 2nd January 2014 with its LTTCs (the “PKATL TSA”) for transmission of electricity for transmission system for Northern Region System Strengthening Scheme NRSSXXXI (Part A) on a BOOM basis.

The project was awarded on 26th February 2014, through the tariff-based competitive bidding (‘TBCB’) mechanism, for a 35-year period from the Scheduled COD, i.e., 12th July 2017. PKATL was granted transmission license by the CERC on 4th September 2014.

Subsequently, PKATL entered into a TSA dated 18th October 2016 with the CTU, inter-state transmission service customers, inter-state transmission service licensees and non-inter-state transmission service licensees whose assets have been certified as being used for inter-state transmission by the RPCs, and a revenue sharing agreement dated 18th October 2016 with the CTU. In addition, PKATL is in the process of installing a 1x125 MVar, 420 kV bus reactor at Kala Amb, as part of the NRSS-XL scheme, through the regulated tariff mechanism (‘RTM’) vide its order dated March 22nd, 2022, CERC has a granted a separate transmission licence for the said RTM project.

PKATL operates one transmission line of 2.47 ckm comprising LILO of Karcham Wangtoo – Abdullapur transmission line at Kala Amb substation (on M/C towers). In addition, the project includes one 400/220 kV substation of an aggregate capacity of 630 MVA in Kala Amb (Himachal Pradesh), and 40% series compensation on 400 kV D/C line from Karcham Wangtoo (Himachal Pradesh) to Kala Amb (Himachal Pradesh).

As on September 30th 2022, the gross block of property plant and equipment including intangibles stood at ₹3,338.95 millions.

All the elements have been successfully charged and Date of Commercial Operations (DOCO) declared as per details below:

Transmission Line/ Substations	Location	Line length/ Capacity	Specifications	COD	Contribution to total transmission charges
LILO of both circuits of Karcham Wangtoo – Abdullapur transmission line at Kala Amb substation (on M/C towers)	Himachal Pradesh	2.47 ckm	400 kV D/C	12-Jul-17	84.50%
400/220 kV GIS substation at Kala Amb	Himachal Pradesh	630 MVA	400 kV / 220 kV GIS sub-station	12-Jul-17	
40% Series compensation on 400 kV Karcham Wangtoo – Kala Amb (Quad) D/C line at Kala Amb ends	Himachal Pradesh	-	40% series compensation	12-Jul-17	15.50%

Historical Average Annual Availability of PKATL

Source: Management Input

Note: Average availability for FY 2022-23 (Apr-Sep) is on provisional basis

We have been provided with the financial projections of the PKATL for balance tenor of the TSA i.e. uptill July 11th, 2052, therefore we have referred the same for our analysis. Estimation of the net cash flows of the company to be in explicit period based on these financial projections.

The projections of PKATL are based on the following critical inputs

Inputs	Details
Transmission Revenue	Transmission revenue of PKATL is provided in the TSA for the life of the project. It comprises of only non escalable transmission revenue as follows: a. <u>Non-Escalable Transmission Revenue</u> – It has been considered based on long term Transmission Service Agreement of PKATL . We have corroborated the non-escalable transmission revenue provided by the Management in the financial projections with the TSA of PKATL.
Incentive	As per the TSA, if the availability in a contract year exceeds the target availability of 98%, PKATL shall be entitled to an annual incentive as follows: Incentive = 0.02 X Annual Transmission Charges X (Actual Annual Availability – Target Availability) No incentive shall be payable above the availability of 99.75%. Management expects the annual availability for PKATL at or above 99.75% during the forecast period.
Penalty	If the availability in any contract year falls below 95%, PKATL shall be penalised as per the TSA. As represented to us by the Management, the availability in any contract year shall not fall below 95% during the forecast period and thus the penalty has not been considered in the financial projections.

Inputs	Details
Operations & Maintenance ("O&M") Expenses	O&M expenses for PKATL have been estimated by the Management as INR 47.53 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 3.51% per annum as per O&M Agreement and Management estimates. We have relied on the projections provided by the Management.
Project Management ("PM") Expenses	Project Management expenses for PKATL have been estimated by the Management as INR 7.13 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 3.51% per annum as per Project Implementation and Management Agreement. We have relied on the projections provided by the Management.
License fees	Annual License fee has been estimated by the Management for the forecast period at 0.11% of Annual Transmission Charges as provided under the CERC regulations.
Power Charges	Power charges for PKATL have been estimated by the Management at INR 0.85 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 3.51% per annum.
Security Expenses	Security expenses for PKATL have been estimated by the Management at INR 5.85 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 6.50% per annum.
Insurance Expenses	Insurance expenses for PKATL have been estimated by the Management (based on the invoice obtained from insurer) as INR 6.14 Mn in FY2023. Insurance expenses are expected to be constant throughout the life of the project.
Key Managerial Personnel Expenses	Key Managerial Personnel Expenses for PKATL have been estimated by the Management as INR 2.96 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 6.50% per annum.
System and Market Operation Charges	System and Market Operation Charges for PKATL have been estimated by the Management as INR 0.01 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 6.50% per annum.
Audit Expenses	Audit Expenses for PKATL have been estimated by the Management as INR 0.28 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 10% per annum.
Other Administrative Expenses and Other Expenses	Other Administrative Expenses and Other Expenses for PKATL have been estimated by the Management as INR 0.78 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 10% per annum.
Breakdown Contingencies	The Management has estimated that an amount of INR 0.50 Mn per annum shall be spent with respect to breakdown contingencies for PKATL during the forecast period.
CSR Expense	As per the provisions of Section 135 of the Companies Act 2013, a CSR Expense of 2% of the average profits for the past 3 years for PKATL has been considered.

Inputs	Details
Depreciation	Depreciation is being calculated using Straight Line Method over the life of the project considering a salvage value of 5% as per the Companies Act, 2013. For calculating depreciation as per Income Tax Act for the projected period, depreciation rate as specified in the Income Tax Act and WDV as per Income Tax Return filed by PKATL have been considered. PKATL is expected to incur certain maintenance capital expenditure during the forecast period. The effect of the same has been considered while computing both book and income tax depreciation.
Tax Incentive	PKATL shall pay taxes under the new regime at the rate of 25.17% throughout the forecast period. The effective tax rate throughout the forecast period shall be 25.17%
Working Capital	The Management have envisaged the working capital requirement of PKATL for the forecast period. The major operating working capital assumptions are as follows: a. Trade Receivables days – 45 days b. Unbilled Revenue days – 31 days
Debt	The borrowings as of 30 th September, 2022 of PKATL is from PGInvIT at an interest rate of 14.5% p.a.
Capital Expenditure	The Management has provided us estimated capital expenditure to be incurred over the forecast period for PKATL. We have relied on the projections provided by the Management.
Contingent Liabilities	The Management represented that, as per the Share Purchase Agreement executed between POWERGRID, IDBI Trusteeship Services Limited (in its capacity as Trustee to PGInvIT), PUTL (in its capacity as Investment Manager to PGInvIT) and Specified SPVs, POWERGRID has undertaken to indemnify, defend and hold harmless the Trust and the Investment Manager from and against losses which relate to or arise from inter-alia any pending or threatened claims against the Specified SPVs from the period prior to and including the First Closing Date i.e. 13 th May 2021 and no major contingent liabilities have arisen for the period after 13 th May 2021. Since no contingent liability has to be borne by PKATL, there is no impact of contingent liability on the valuation.
New Transmission Licence	As per CERC order dated 22 nd March 2022, PKATL has been granted a separate transmission licence for implementation of 125 MVAR, 420 kV Bus Reactor at Kala Amb on the Regulated Tariff Mechanism (RTM) route. The transmission licence will remain in force for a period of 25 years from the date of issue. We understand from the management that no capital expenditure has been incurred on the project as on the date of valuation. Considering the aforementioned and its very nascent stage, the financial impact of the same has not been factored in the current valuation.

Sensitivity Analysis

Sensitivity analysis is an analysis technique that works on the basis of what-if analysis like how independent variables can affect the dependent variable. As discussed above, DCF valuation involves use of critical inputs to determine equity value, these critical inputs are independent variables and resultant equity value is dependent variable.

The table below is a what-if analysis table, wherein the impact on equity value and enterprise value has been produced considering had critical input being discount rates vary by 50 basis points in either direction.

Sensitivity		Equity Value	Enterprise Value
Discount rates	%	(in ₹ millions)	
	9.01%	2,054.60	3,866.73
	8.00%	2,409.33	4,221.46
	8.50%	2,225.81	4,037.93
	9.00%	2,058.65	3,870.78
	9.50%	1,905.68	3,717.81
	10.00%	1,765.11	3,577.23

10.2.3 Additional Disclosures

The Schedule V of the SEBI InvIT Regulations prescribes the minimum set of mandatory disclosures to be made in the valuation report.

Below is the additional information as required by the regulations

Parameter	Details
List of one-time sanctions/approvals which are obtained or pending:	The list is enclosed in Annexure – 2 to the report.
List of up to date/ overdue periodic clearances:	We have included the details in Annexure – 2 to the report.
Statement of assets included:	The details of assets of PKATL as of September 30 th , 2022 are provided in Annexure – 7.

Parameter	Details												
Estimates of already carried out as well as proposed major repairs and improvements along with estimated time of completion:	We understand from the Management that no major repairs and improvements of the assets have been performed till date. Also, PKATL does not plan to perform any major repairs and improvements during the life of the project. However, PKATL incurs regular annual maintenance charges of Transmission Lines. The projected operation and maintenance charges for the life the project along with the projected inflation rate is as follows: <table border="1"> <thead> <tr> <th>Expenses</th><th>O&M Expenses</th></tr> </thead> <tbody> <tr> <td>April - Sep FY23</td><td>24.30</td></tr> <tr> <td>Jul - Mar FY23</td><td>23.23</td></tr> <tr> <td>FY 2024</td><td>49.20</td></tr> <tr> <td>FY 2025</td><td>50.93</td></tr> <tr> <td>Annual inflation rate FY23 to FY51</td><td>3.51%</td></tr> </tbody> </table> Source: Management input Expenses in ₹ millions	Expenses	O&M Expenses	April - Sep FY23	24.30	Jul - Mar FY23	23.23	FY 2024	49.20	FY 2025	50.93	Annual inflation rate FY23 to FY51	3.51%
Expenses	O&M Expenses												
April - Sep FY23	24.30												
Jul - Mar FY23	23.23

FY 2025	50.93												
Annual inflation rate FY23 to FY51	3.51%												
Revenue pendencies including local authority taxes associated with InvIT asset and compounding charges if any.	The Management has informed that there are no dues including local authority taxes pending to be payable to the Government authorities except as disclosed in the audited financial statements.												
On-going material litigations including tax disputes in relation to the assets, if any;	The list of on-going material litigations including tax disputes in relation to PKATL are provided in Annexure – 12.												
Vulnerability to natural or induced hazards that may not have been covered in town planning building control.	Management has confirmed that there are no such natural or induced hazards which have not been considered in town planning/ building control.												
Latest Pictures of the project along with date of physical inspection	Please refer Annexure – 17.												
Valuation of the project in the previous 3 years	PKATL : Equity Value (100%) as on March 31st, 2022: ₹2,682.7 millions Source: Report on Fair Valuation of Transmission Assets acquired by POWERGRID Infrastructure Investment Trust issued by RBSA Valuation Advisors LLP dated May 17th, 2022 bearing Report Reference Number: RVA2223DELREP002												
Purchase price of the project by the InvIT	INR 2,022.92 million (Acquired during IPO)												

10.3 POWERGRID Parli Transmission Limited

10.3.1 About the company

Company	POWERGRID Parli Transmission Limited
CIN	U40109DL2014GOI269652
Incorporation date	July 30, 2014
Gross block as on June 30, 2022	₹19,282.65 millions
Total length	966.12 ckm
TSA date	February 09, 2015
Scheduled COD	January 31, 2018
Project COD	June 04, 2018
Expiry date	35 years from the date of COD
PGCIL shareholding	26%
PGInvIT shareholding	74%

POWERGRID Parli Transmission Limited (PPTL) was incorporated on 30th July 2014. Gadarwara (B) Transmission Limited (erstwhile name of PPTL) entered into a transmission service agreement dated 9th February 2015 with its LTTCs (the “PPTL TSA”) for the transmission system associated with Gadarwara STPS (2x800 MW) of NTPC (Part-B) on a BOOM basis.

The project was awarded on 11th March 2015, through the TBCB mechanism, for a 35 years’ period from the Scheduled COD (as extended pursuant to a supplementary transmission services agreement dated 18th June 2019), i.e., 4th June 2018. PPTL was granted transmission license by CERC on 10th July 2015.

Subsequently, PPTL entered into a TSA dated 5th July 2016 with the CTU, inter-state transmission service customers, inter-state transmission service licensees and non-inter-state transmission service licensees whose assets have been certified as being used for inter-state transmission by the RPCs, and a revenue sharing agreement dated 5th July 2016 with the CTU. PPTL operates three transmission lines of 966.12 ckm comprising one 765 kV double circuit line of 693.70 ckm from Warora (Maharashtra) to Parli (Maharashtra), one 765 kV double circuit line of 235.92 ckm from Parli (Maharashtra) to Solapur (Maharashtra), and one 400 kV double circuit line of 36.50 ckm from Parli (New) (Maharashtra) to Parli (PG) (Maharashtra). In addition, the project includes one 765/400 kV substation of an aggregate capacity of 3,000 MVA in Parli (Maharashtra).

As of 30th September 2022, the Gross Block of Property, Plant and Equipment (including Intangibles) was INR 19,282.65 Mn.

All the elements have been successfully charged and Date of Commercial Operation (DOCO) declared as per details below:

Transmission Line/ Substations	Location	Line length/ Capacity	Specifications	COD	Contribution to total transmission charges
Parli (New) – Solapur	Maharashtra	235.92 ckm	765 kV D/C	27-Apr-18	
Parli (New) – Parli (PG)	Maharashtra	36.50 ckm	400 kV D/C	27-Apr-18	43.00%
Establishment of 2x1500 MVA, Parli (New) S/S	Maharashtra	3000 MVA	765/400 Kv substation	27-Apr-18	
Warora (Pooling Station) – Parli (New)	Maharashtra	693.70 ckm	765 kV D/C	04-Jun-18	57.00%

GRID Map of “Transmission System Associated with Gadawara of NTCP Part-B

Historical Average Annual Availability of PPTL

Source: Management Input

Note: Average availability for FY 2022-23 (Apr-Sep) is on provisional basis

We have been provided with the financial projections of the PPTL for balance tenor of the TSA i.e. uptill June 03rd, 2053, therefore we have referred the same for our analysis. Estimation of the net cash flows of the company to be in explicit period based on these financial projections.

The projections of PPTL are based on the following critical inputs:

Inputs	Details
--------	---------

Transmission revenue of PPTL is provided in the TSA for the life of the project. It comprises non-escalable transmission revenue and escalable transmission revenue as follows::

- Non-Escalable Transmission Revenue – It has been considered based on long term Transmission Service Agreement of PPTL . We have corroborated the non-escalable transmission revenue provided by the Management in the financial projections with the TSA of PPTL.
- Incremental Revenue – In case of PPTL, POWERGRID filed a petition with regard to an increased project cost due to the Change in Law claiming incremental transmission charges as per the TSA and relevant CERC regulations.

In this regard, CERC in its order dated 29th January 2021 awarded a total claim for increase in transmission charges owing to the change in law. As per the CERC order, incremental revenue is computed basis Article 12.2 of the TSA agreement, which states, for every cumulative increase/decrease of each INR 73.9 Mn in the project cost up to the scheduled COD of the Project, the increase/decrease in Non-Escalable Transmission Charges shall be an amount equal to Zero Point Three One Three percent (0.313%) of the Non-Escalable Transmission Charges.

As per the Share Purchase Agreement executed between POWERGRID, IDBI Trusteeship Services Limited (in its capacity as Trustee to PGInvIT), PUTL (in its capacity as Investment Manager to PGInvIT) and PPTL for the transfer of shares to the Trust, the incremental transmission tariff expected to be received by PPTL in future owing to the change in law was supposed to be passed on to the Sponsor (POWERGRID). However, PPTL in March 2022 has purchased the Right of Additional Revenue from POWERGRID at INR 810.1 Mn.

In compliance with the CERC order dated 29th January 2021 the total claim for billing owing to the compensation awarded by CERC is hereunder:

Transmission Revenue

Description	Claim as per petition of PPTL (INR Mn)	Claim allowed as per CERC order (INR Mn)
Increase in acquisition Price by Bid Process Coordinator (BPC)	5.5	3.9
Increase in cost owing to introduction of GST	232.4	220.2
Land Compensation	477.5	433.9
Total	715.4	658
Change in Annual transmission charges as per Article 12.2.1 of the TSA		2.79%
		(658.0*0.313%/73.9)

Source: Management Inputs

Based on the CERC order and Article 12.2.1 of TSA, an increase in Annual transmission charges is 2.79%

The Charge computed above is applied on the projected Non-Escalable Transmission charges to arrive at the incremental revenue for the respective forecast financial year

Inputs	Details
	As per the TSA, if the availability in a contract year exceeds the target availability of 98%, PPTL shall be entitled to an annual incentive as follows:
Incentive	Incentive = $0.02 \times \text{Annual Transmission Charges} \times (\text{Actual Annual Availability} - \text{Target Availability})$ No incentive shall be payable above the availability of 99.75%. Management expects the annual availability for PPTL at or above 99.75% during the forecast period.
Penalty	If the availability in any contract year falls below 95%, PPTL shall be penalised as per the TSA. As represented to us by the Management, the availability in any contract year shall not fall below 95% during the forecast period and thus the penalty has not been considered in the financial projections.
Operations & Maintenance ("O&M") Expenses	O&M expenses for PPTL have been estimated by the Management as INR 92.03 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 3.51% per annum as per O&M Agreement and Management estimates. We have relied on the projections provided by the Management.
Project Management ("PM") Expenses	Project Management expenses for PPTL have been estimated by the Management as INR 13.80 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 3.51% per annum as per Project Implementation and Management Agreement. We have relied on the projections provided by the Management.
License fees	Annual License fee has been estimated by the Management for the forecast period at 0.11% of Annual Transmission Charges as provided under the CERC regulations.
Power charges	Power charges for PPTL have been estimated by the Management at INR 4.78 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 3.51% per annum.
Security charges	Security expenses for PPTL have been estimated by the Management at INR 5.96 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 6.50% per annum.
Insurance Expenses	Insurance expenses for PPTL have been estimated by the Management (based on the invoice obtained from insurer) as INR 55.67 Mn in FY2023. These expenses shall be constant throughout the life of the project.
Key Managerial Personnel Expenses	Key Managerial Personnel Expenses for PPTL have been estimated by the Management as INR 2.66 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 6.50% per annum.

Inputs	Details
System and Market Operation Charges	System and Market Operation Charges for PPTL have been estimated by the Management as INR 4.85 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 6.50% per annum.
Audit Expenses	Audit Expenses for PPTL have been estimated by the Management as INR 0.28 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 10% per annum.
Other Administrative Expenses and Other Expenses	Other Administrative Expenses and Other Expenses for PPTL have been estimated by the Management as INR 0.78 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 10% per annum.
Breakdown Contingencies	The Management has estimated that an amount of INR 0.50 Mn per annum shall be spent with respect to breakdown contingencies for PPTL during the forecast period.
CSR Expense	As per the provisions of Section 135 of the Companies Act 2013, a CSR Expense of 2% of the average profits for the past 3 years for PPTL has been considered.
Depreciation	Depreciation is being calculated using Straight Line Method over the life of the project considering a salvage value of 5% as per the Companies Act, 2013. For calculating depreciation as per Income Tax Act for the projected period, depreciation rate as specified in the Income Tax Act and WDV as per Income Tax Return filed by PPTL have been considered. PPTL is expected to incur certain maintenance capital expenditure during the forecast period. The effect of the same has been considered while computing both book and income tax depreciation. In March 2022, PPTL has purchased the Right of additional revenue from POWERGRID at INR 810.1 Mn as discussed above. The purchase consideration has been recognised as an Intangible asset (Right of Additional Revenue) in the financial statements of PPTL. We understand from the Management that the amortization of the above intangible asset (Right of additional revenue) will be tax deductible under the Income Tax Act, 1961 and, accordingly, we have considered the tax amortisation of the above intangible asset in the valuation.
Tax Rate	PPTL shall pay taxes under the new regime at the rate of 25.17% throughout the forecast period. The effective tax rate throughout the forecast period shall be 25.17%
Working Capital	The Management have envisaged the working capital requirement of PPTL for the forecast period. The major operating working capital assumptions are as follows: - Trade Receivables days – 45 days - Unbilled Revenue days – 31 days

Inputs	Details
Debt	The borrowings as on 30 th September, 2022 of PPTL is from PGInvIT at an interest rate of 14.5% p.a.
Capital Expenditure	The Management has provided us estimated capital expenditure to be incurred over the forecast period for PPTL. We have relied on the projections provided by the Management.
Contingent Liabilities	The Management represented that, as per the Share Purchase Agreement executed between POWERGRID, IDBI Trusteeship Services Limited (in its capacity as Trustee to PGInvIT), PUTL (in its capacity as Investment Manager to PGInvIT) and Specified SPVs, POWERGRID has undertaken to indemnify, defend and hold harmless the Trust and the Investment Manager from and against losses which relate to or arise from inter-alia any pending or threatened claims against the Specified SPVs from the period prior to and including the First Closing Date i.e. 13 th May 2021 and no major contingent liabilities have arisen for the period after 13th May 2021. Since no contingent liability has to be borne by PPTL, there is no impact of contingent liability on the valuation.

Sensitivity Analysis

Sensitivity analysis is an analysis technique that works on the basis of what-if analysis like how independent variables can affect the dependent variable. As discussed above, DCF valuation involves use of critical inputs to determine equity value, these critical inputs are independent variables and resultant equity value is dependent variable.

The table below is a what-if analysis table, wherein the impact on equity value and enterprise value has been produced considering had critical input being discount rates vary by 50 basis points in either direction.

Sensitivity	Equity Value	Enterprise Value
%	(in ₹ millions)	
Discount rates	9.01%	9,372.53
	8.00%	11,394.12
	8.50%	10,346.90
	9.00%	9,398.16
	9.50%	8,534.13
	10.00%	7,743.57

10.3.3 Additional Disclosures

The Schedule V of the SEBI InvIT Regulations prescribes the minimum set of mandatory disclosures to be made in the valuation report.

Below is the additional information as required by the regulations

Parameter	Details												
List of one-time sanctions/approvals which are obtained or pending:	The list is enclosed in Annexure – 3 to the report.												
List of up to date/ overdue periodic clearances:	We have included the details in Annexure – 3 to the report.												
Statement of assets included:	The details of assets of PPTL as of September 30 th , 2022 are provided in Annexure – 8.												
Estimates of already carried out as well as proposed major repairs and improvements along with estimated time of completion:	We understand from the Management that no major repairs and improvements of the assets have been performed till date. Also, PPTL does not plan to perform any major repairs and improvements during the life of the project. However, PPTL incurs regular annual maintenance charges of Transmission Lines. The projected operation and maintenance charges for the life the project along with the projected inflation rate is as follows: <table><tr><th>Expenses</th><th>O&M Expenses</th></tr><tr><td>April - Sep FY23</td><td>46.10</td></tr><tr><td>Jul - Mar FY23</td><td>45.93</td></tr><tr><td>FY 2024</td><td>95.26</td></tr><tr><td>FY 2025</td><td>98.61</td></tr><tr><td>Annual inflation rate FY23 to FY51</td><td>3.51%</td></tr></table> Source: Management input Expenses in ₹ millions	Expenses	O&M Expenses	April - Sep FY23	46.10	Jul - Mar FY23	45.93	FY 2024	95.26	FY 2025	98.61	Annual inflation rate FY23 to FY51	3.51%
Expenses	O&M Expenses												
April - Sep FY23	46.10												
Jul - Mar FY23	45.93												
FY 2024	95.26												
FY 2025	98.61												
Annual inflation rate FY23 to FY51	3.51%												
Revenue pendencies including local authority taxes associated with InvIT asset and compounding charges if any.	The Management has informed that there are no dues including local authority taxes pending to be payable to the Government authorities except as disclosed in the audited financial statements.												
On-going material litigations including tax disputes in relation to the assets, if any;	The list of on-going material litigations including tax disputes in relation to PPTL are provided in Annexure – 13.												
Vulnerability to natural or induced hazards that may not have been covered in town planning building control.	Management has confirmed that there are no such natural or induced hazards which have not been considered in town planning/ building control.												

Parameter	Details
Latest Pictures of the project along with date of physical inspection	Please refer Annexure – 18.
Valuation of the project in the previous 3 years	PPTL : Equity Value (100%) as on March 31st, 2022: ₹12,715.1 millions Source: Report on Fair Valuation of Transmission Assets acquired by POWERGRID Infrastructure Investment Trust issued by RBSA Valuation Advisors LLP dated May 17th, 2022 bearing Report Reference Number: RVA2223DELREP002

10.4 POWERGRID Warora Transmission Limited

10.4.1 About the company

Company	POWERGRID Warora Transmission Limited
CIN	U40300DL2014GOI269918
Incorporation date	August 05, 2014
Gross block as on June 30, 2022	₹23,473.65 Millions
Total length	1028.11 ckm
TSA date	February 09, 2015
Scheduled COD	November 2017
Project COD	July 10, 2018
Expiry date	35 years from the date of COD
PGCIL shareholding	26%
PGInvIT shareholding	74%

The project was awarded on 11th March 2015, through the TBCB mechanism, for a 35 years' period from the Scheduled COD (as extended pursuant to a supplementary transmission services agreement dated 11th September 2019), i.e., 10th July 2018. PWTL was granted transmission license by CERC on 5th August 2015.

Subsequently, PWTL entered into a TSA dated 27th October 2016 with the CTU, inter-state transmission service customers, inter-state transmission service licensees and non-inter-state transmission service licensees whose assets have been certified as being used for inter-state transmission by the RPCs, and a revenue sharing agreement dated 27th October 2016 with the CTU.

PWTL operates four transmission lines of 1,028.11 ckm comprising two 765 kV double circuit line of 204.47 ckm from Gadarwara (Madhya Pradesh) to Jabalpur (Madhya Pradesh), one 765 kV double circuit line of 627.35 ckm from Gadarwara (Madhya Pradesh) to Warora (Maharashtra), and one 400 kV double circuit line of 196.29 ckm from Wardha and Parli (Maharashtra) to Warora (Maharashtra). In addition, PWTL has established one 765/400 kV substation in Warora (Maharashtra).

As of 30th September 2022, the Gross Block of Property, Plant and Equipment (including Intangibles) was INR 23,473.65 Mn.

All the elements have been successfully charged and Date of Commercial Operation (DOCO) declared as per details below:

Transmission Line/ Substations	Location	Line length/ Capacity	Specifications	COD	Contribution to total transmission charges
As per the interim arrangement, LILO of existing Seoni-Bina 765kV S/C line at Gadawara STPS would be established. At a later date, LILO portion would be delinked from Seoni- Bina 765kV S/C line to restore the Seoni-Bina765 S/C direct line, and the LILO portion would be extended to the Jabalpur 765/400 kV Pooling Station to form the proposed Gadawara 765/400kV Pooling Station to form the proposed Gadawara- Jabalpur Pool 765 kV D/C line	Madhya Pradesh	30.55 ckm	765 kV D/C	30-Nov-16	21.00%
Gadawara STPS-Jabalpur Pool	Madhya Pradesh	173.92 ckm	765 kV D/C	31-May-17	
Gadawara STPS-New Pooling Station within the jurisdiction/ boundary of Warora	Madhya Pradesh and Maharashtra	627.35 ckm	765 kV D/C	10-Jul-18	
LILO of both circuits of Wardha - Parli (PG) 400 kV D/C line at Warora* Pooling Station (Quad)	Maharashtra	196.29 ckm	400 kV D/C	16-May-18	79.00%
Establishment of 2X1500 MVA 765/400 kV (New Pooling Station within the jurisdiction/boundary Warora)	Maharashtra	3,000 MVA	765/400 kV	10-Jul-18

Historical Average Annual Availability of PWTL:

Source: Management Input

Note: Average availability for FY 2022-23 (Apr-Sep) is on provisional basis

We have been provided with the financial projections of the PWTL for balance tenor of the TSA i.e. uptill July 09th, 2053, therefore we have referred the same for our analysis. Estimation of the net cash flows of the company to be in explicit period based on these financial projections.

The projections of PWTL are based on the following critical inputs:

Inputs	Details
--------	---------

Transmission revenue of PWTL is provided in the TSA for the life of the project. It comprises non-escalable transmission revenue and escalable transmission revenue as follows::

- Non-Escalable Transmission Revenue** – It has been considered as per long term Transmission Service Agreement of PWTL. We have corroborated the non-escalable transmission revenue provided by the Management in the financial projections with the TSA of PWTL.
- Incremental Revenue** – In case of PWTL, POWERGRID filed a petition with regard to an increased project cost due to the Change in Law claiming incremental transmission charges as per the TSA and relevant CERC regulations..

Transmission Revenue

In this regard, CERC in its order dated 25th January 2021 awarded a total claim for increase in transmission charges owing to the change in law. As per the CERC order, incremental revenue is computed basis Article 12.2 of the TSA agreement, which states, for every cumulative increase/decrease of each INR 73.9 Mn in the project cost up to the scheduled COD of the Project, the increase/decrease in Non-Escalable Transmission Charges shall be an amount equal to Zero Point Three One Three percent (0.313%) of the Non-Escalable Transmission Charges.

As per the Share Purchase Agreement executed between POWERGRID, IDBI Trusteeship Services Limited (in its capacity as Trustee to PGInvIT), PUTL (in its capacity as Investment Manager to PGInvIT) and PWTL for the transfer of shares to the Trust, the incremental transmission tariff expected to be received by PWTL in future owing to the change in law was supposed to be passed on to the Sponsor (POWERGRID). However, PWTL in March 2022 has purchased the Right of Additional Revenue from POWERGRID at INR 1,118.4 Mn.

In compliance with the CERC order dated 25th January 2021 the total claim for billing owing to the compensation awarded by CERC is hereunder:

Description	Claim as per petition of PWTL (INR Mn)	Claim allowed as per CERC order (INR Mn)
Increase in acquisition Price by Bid Process Coordinator (BPC)	5.8	4.0
Increase in cost owing to introduction of GST	201.7	189.7
Land Compensation	747.8	675.8
Total	955.3	869.5
Change in Annual transmission charges as per Article 12.2.1 of the TSA		3.45%
		(869.5*0.313%/79)
		Source: Management Inputs

Based on the CERC order and Article 12.2.1 of TSA, an increase in Annual transmission charges is 3.45%

The Charge computed above is applied on the projected Non-Escalable Transmission charges to arrive at the incremental revenue for the respective forecast financial year

Incentive

As per the TSA, if the availability in a contract year exceeds the target availability of 98%, PWTL shall be entitled to an annual incentive as follows:

Incentive = 0.02 X Annual Transmission Charges X (Actual Annual Availability – Target Availability)

No incentive shall be payable above the availability of 99.75%. Management expects the annual availability for PWTL at or above 99.75% during the forecast period.

Penalty

If the availability in any contract year falls below 95%, PWTL shall be penalised as per the TSA. As represented to us by the Management, the availability in any contract year shall not fall below 95% during the forecast period and thus the penalty has not been considered in the financial projections.

Inputs	Details
Operations & Maintenance ("O&M") Expenses	O&M expenses for PWTL have been estimated by the Management at INR 92.03 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 3.51% per annum as per O&M Agreement and Management estimates. We have relied on the projections provided by the Management.
Project Management ("PM") Expenses	Project Management expenses for PWTL have been estimated by the Management at INR 13.80 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 3.51% per annum as per Project Implementation and Management Agreement. We have relied on the projections provided by the Management.
License fees	Annual License fee has been estimated by the Management for the forecast period at 0.11% of Annual Transmission Charges as provided under the CERC regulations.
Power charges	Power charges for PWTL have been estimated by the Management at INR 8.91 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 3.51% per annum.
Security charges	Security expenses for PWTL have been estimated by the Management at INR 6.02 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 6.50% per annum.
Insurance Expenses	Insurance expenses for PWTL have been estimated by the Management (based on the invoice obtained from insurer) at INR 62.22 Mn in FY2023. Insurance expenses are expected to remain constant throughout the life of the project.
Key Managerial Personnel Expenses	Key Managerial Personnel Expenses for PWTL have been estimated at INR 2.66 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 6.50% per annum.
System and Market Operation Charges	System and Market Operation Charges for PWTL have been estimated by the Management at INR 5.17 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 6.50% per annum.
Audit Expenses	Audit Expenses for PWTL have been estimated by the Management at INR 0.28 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 10% per annum.
Other Administrative Expenses and Other Expenses	Other Administrative Expenses and Other Expenses for PWTL have been estimated by the Management at INR 0.78 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 10% per annum.

Inputs	Details
Breakdown Contingencies	The Management has estimated that an amount of INR 0.50 Mn per annum shall be spent with respect to breakdown contingencies for PWTL during the forecast period.
CSR Expense	As per the provisions of Section 135 of the Companies Act 2013, a CSR Expense of 2% of the average profits for the past 3 years for PWTL has been considered.
Depreciation	Depreciation is being calculated using Straight Line Method over the life of the project considering a salvage value of 5% as per the Companies Act, 2013. For calculating depreciation as per Income Tax Act for the projected period, depreciation rate as specified in the Income Tax Act and WDV as per Income Tax Return filed by PWTL have been considered. PWTL is expected to incur certain maintenance capital expenditure during the forecast period. The effect of the same has been considered while computing both book and income tax depreciation. In March 2022, PWTL has purchased the Right of additional revenue from POWERGRID at INR 1,118.4 Mn as discussed above. The purchase consideration has been recognised as an Intangible asset (Right of Additional Revenue) in the balance sheet of PWTL. We understand from the Management that the amortization of the above intangible asset (Right of additional revenue) will be tax deductible under the Income Tax Act, 1961 and, accordingly, we have considered the tax amortisation of the above intangible asset in the valuation.
Tax Rate	PWTL shall pay taxes under the new regime at the rate of 25.17% throughout the forecast period. The effective tax rate throughout the forecast period shall be 25.17%
Working Capital	The Management have envisaged the working capital requirement of PWTL for the forecast period. The major operating working capital assumptions are as follows: - Trade Receivables days – 45 days - Unbilled Revenue days – 31 days
Debt	The borrowings as on 30 th September, 2022 of PWTL is from PGInvIT at an interest rate of 14.5% p.a.
Capital Expenditure	The Management has provided us estimated capital expenditure to be incurred over the forecast period for PWTL. We have relied on the projections provided by the Management.
Contingent Liabilities	The Management represented that, as per the Share Purchase Agreement executed between POWERGRID, IDBI Trusteeship Services Limited (in its capacity as Trustee to PGInvIT), PUTL (in its capacity as Investment Manager to PGInvIT) and Specified SPVs, POWERGRID has undertaken to indemnify, defend and hold harmless the Trust and the Investment Manager from and against losses which relate to or arise from inter-alia any pending or threatened claims against the Specified SPVs from the period prior to and including the First Closing Date i.e. 13th May 2021 and no major contingent liabilities have arisen for the period after 13th May 2021. Since no contingent liability has to be borne by PWTL, there is no impact of contingent liability on the valuation.

Sensitivity Analysis

Sensitivity analysis is an analysis technique that works on the basis of what-if analysis like how independent variables can affect the dependent variable. As discussed above, DCF valuation involves use of critical inputs to determine equity value, these critical inputs are independent variables and resultant equity value is dependent variable.

The table below is a what-if analysis table, wherein the impact on equity value and enterprise value has been produced considering had critical input being discount rates vary by 50 basis points in either direction.

	Sensitivity	Equity Value	Enterprise Value
	%	(in ₹ millions)	
Discount rates	9.01%	8,893.22	24,567.81
	8.00%	11,114.51	26,789.10
	8.50%	9,964.29	25,638.88
	9.00%	8,921.40	24,595.99
	9.50%	7,970.97	23,645.56
	10.00%	7,100.82	22,775.41

10.4.3 Additional Disclosures

The Schedule V of the SEBI InvIT Regulations prescribes the minimum set of mandatory disclosures to be made in the valuation report.

Below is the additional information as required by the regulations

Parameter	Details
List of one-time sanctions/approvals which are obtained or pending	The list is enclosed in Annexure – 4 to the report.
List of up to date/ overdue periodic clearances	We have included the details in Annexure – 4 to the report.
Statement of assets included:	The details of assets of PWTL as of September 30 th , 2022 are provided in Annexure – 9.

Parameter	Details												
Estimates of already carried out as well as proposed major repairs and improvements along with estimated time of completion:	We understand from the Management that no major repairs and improvements of the assets have been performed till date. Also, PWTL does not plan to perform any major repairs and improvements during the life of the project. However, PWTL incurs regular annual maintenance charges of Transmission Lines. The projected operation and maintenance charges for the life the project along with the projected inflation rate is as follows: <table> <tr> <th>Expenses</th><th>O&M Expenses</th></tr> <tr> <td>April - Sep FY23</td><td>46.10</td></tr> <tr> <td>Jul - Mar FY23</td><td>45.93</td></tr> <tr> <td>FY 2024</td><td>95.26</td></tr> <tr> <td>FY 2025</td><td>98.61</td></tr> <tr> <td>Annual inflation rate FY23 to FY51</td><td>3.51%</td></tr> </table> Source: Management input Expenses in ₹ millions	Expenses	O&M Expenses	April - Sep FY23	46.10	Jul - Mar FY23	45.93	FY 2024	95.26	FY 2025	98.61	Annual inflation rate FY23 to FY51	3.51%

10.5 POWERGRID Jabalpur Transmission Limited

10.5.1 About the company

Company	POWERGRID Jabalpur Transmission Limited
CIN	U40300DL2014GOI270433
Incorporation date	August 14, 2014
Gross block as on September 30, 2022	₹16,407.57 millions
Total length	745.01 ckm
TSA date	November 19, 2014
Scheduled COD	June 26, 2018
Project COD	January 01, 2019
Expiry date	35 years from the date of COD
PGCIL shareholding	26%
PGInvIT shareholding	74%

The project was awarded on 10th February 2015, through the TBCB mechanism, for a 35-year period from the Scheduled COD, i.e., 25th June 2018. As of the date, PJTL proposes to enter into a supplementary agreement to extend the Scheduled COD under the PJTL TSA to the date of the actual COD i.e., 1st January 2019. PJTL was granted transmission license by CERC on 15th June 2015.

Subsequently, PJTL entered into a TSA dated 22nd August 2016 with the CTU, inter-state transmission service customers, inter-state transmission service licensees and non-inter-state transmission service licensees whose assets have been certified as being used for inter-state transmission by the RPCs, and a revenue sharing agreement dated 22nd August 2016 with the CTU.

PJTL operates one transmission line of 745.01 ckm comprising 765 kV double circuit line of from Vindhyachal Pooling Station to Jabalpur Pooling Station.

As of 31st March 2022, the Gross Block of Property, Plant and Equipment (including Intangibles) was INR 16,407.57 Mn.

All the elements have been successfully charged and Date of Commercial Operation (DOCO) declared as per details below:

Transmission Line/ Substations	Location	Line length/ Capacity	Specifications	COD	Contribution to total transmission charges
Vindhyachal Pooling Station- Jabalpur Pooling Station 765 kV D/C line	Madhya Pradesh	745.01 ckm	745.01 ckm	01-Jan-19	100.00%

GRID Map of “Transmission System Strengthening associated with Vindhyachal-V

Historical Average Annual Availability of PJTL

Source: Management Input

Note: Average availability for FY 2022-23 (Apr-Sep) is on provisional basis

We have been provided with the financial projections of the PJTL for balance tenor of the TSA i.e. uptill December 31st, 2053, therefore we have referred the same for our analysis. Estimation of the net cash flows of the company to be in explicit period based on these financial projections.

The projections of PJTL are based on the following critical inputs:

Inputs	Details
--------	---------

Transmission revenue of PJTL is provided in the TSA for the life of the project. It comprises non-escalable transmission revenue and escalable transmission revenue as follows::

- Non-Escalable Transmission Revenue – It has been considered based on long term Transmission Service Agreement of PJTL. We have corroborated the non-escalable transmission revenue provided by the Management in the financial projections with the TSA of PJTL.
- Incremental Revenue – In case of PJTL, POWERGRID filed a petition with regard to an increased project cost due to the Change in Law claiming incremental transmission charges as per the TSA and relevant CERC regulations.

In this regard, CERC in its order dated 28th October 2021, awarded a total claim for increase in transmission charges owing to the change in law. As per the CERC order, incremental revenue is computed basis Article 12.2 of the TSA agreement, which states, for every cumulative increase/decrease of each INR 37.6 Mn in the project cost up to the scheduled COD of the Project, the increase/decrease in Non-Escalable Transmission Charges shall be an amount equal to Zero Point Three One Three percent (0.313%) of the Non-Escalable Transmission Charges.

Transmission Revenue

As per the Share Purchase Agreement executed between POWERGRID, IDBI Trusteeship Services Limited (in its capacity as Trustee to PGInvIT), PUTL (in its capacity as Investment Manager to PGInvIT) and PJTL for the transfer of shares to the Trust, the incremental transmission tariff expected to be received by PJTL in future owing to the change in law was supposed to be passed on to the Sponsor (POWERGRID). However, PJTL in March 2022 has purchased the Right of Additional Revenue from POWERGRID at INR 1,113.0 Mn.

In compliance with the CERC order dated 28th October 2021 and LTTC's reply (Maharashtra State Electricity Distribution Company limited), dated 21st January 2022, the total claim for billing owing to the compensation awarded by CERC is hereunder:

Description	Claim as per petition of PJTL (INR Mn)	Claim allowed as per CERC order (INR Mn)
Increase in acquisition Price by Bid Process Coordinator (BPC)	3.5	2.3
Increase in cost owing to introduction of GST	210.3	191.4
Land Compensation	552.6	434.1
Total	766.4	627.8

Change in Annual transmission charges as per Article 12.2.1 of the TSA

5.23%
(627.8*0.313%/37.6)

Source: Management Inputs

*CERC order and as agreed by LTTC Maharashtra State Electricity Distribution Company Limited
Based on CERC order and Article 12.2.1 of TSA an increase in Annual transmission charges is 5.23%.

The Charge computed above is applied on the projected Non-Escalable Transmission charges to arrive at the incremental revenue for the respective forecast financial year.

Incentive

As per the TSA, if the availability in a contract year exceeds the target availability of 98%, PJTL shall be entitled to an annual incentive as follows:

Incentive = $0.02 \times \text{Annual Transmission Charges} \times (\text{Actual Annual Availability} - \text{Target Availability})$

No incentive shall be payable above the availability of 99.75%. Management expects the annual availability for PJTL at or above 99.75% during the forecast period.

Penalty

If the availability in any contract year falls below 95%, PJTL shall be penalised as per the TSA. As represented to us by the Management, the availability in any contract year shall not fall below 95% during the forecast period and thus the penalty has not been considered in the financial projections.

**Operations & Maintenance
("O&M") Expenses**

O&M expenses for PJTL have been estimated by the Management at INR 30.84 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 3.51% per annum as per O&M Agreement and Management estimates. We have relied on the projections provided by the Management.

**Project Management
("PM") Expenses**

Project Management expenses for PJTL have been estimated by the Management at INR 4.63 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 3.51% per annum as per Project Implementation and Management Agreement. We have relied on the projections provided by the Management.

Inputs	Details
License fees	Annual License fee has been estimated by the Management for the forecast period at 0.11% of Annual Transmission Charges as provided under the CERC regulations.
Insurance Expenses	Insurance expenses for PJTL have been estimated by the Management (based on the invoice obtained from insurer) at INR 45.54 Mn in FY2023. Insurance expenses are expected to remain constant throughout the life of the project.
Key Managerial Personnel Expenses	Key Managerial Personnel Expenses for PJTL have been estimated by the Management at INR 2.66 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 6.50% per annum.
System and Market Operation Charges	System and Market Operation Charges for PJTL have been estimated by the Management at INR 3.77 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 6.50% per annum.
Audit Expenses	Audit Expenses for PJTL have been estimated by the Management at INR 0.28 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 10% per annum.
Other Administrative Expenses and Other Expenses	Other Administrative Expenses and Other Expenses for PJTL have been estimated by the Management at INR 0.78 Mn in FY2023. During the forecast period, these expenses have been escalated at the rate of 10% per annum.
Breakdown Contingencies	The Management has estimated that an amount of INR 0.50 Mn per annum shall be spent with respect to breakdown contingencies for PJTL during the forecast period.
CSR Expense	As per the provisions of Section 135 of the Companies Act 2013, a CSR Expense of 2% of the average profits for the past 3 years for PJTL has been considered.
Depreciation	Depreciation is being calculated using Straight Line Method over the life of the project considering a salvage value of 5% as per the Companies Act, 2013. For calculating depreciation as per Income Tax Act for the projected period, depreciation rate as specified in the Income Tax Act and WDV as per Income Tax Return filed by PJTL have been considered. PJTL is expected to incur certain maintenance capital expenditure during the forecast period. The effect of the same has been considered while computing both book and income tax depreciation. In March 2022, PJTL has purchased the Right of additional revenue from POWERGRID at INR 1,113.0 Mn as discussed above. The purchase consideration has been recognised as an Intangible asset (Right of Additional Revenue) in the balance sheet of PJTL. We understand from the Management that the amortization of the above intangible asset (Right of additional revenue) will be tax deductible under the Income Tax Act, 1961 and, accordingly, we have considered the tax amortisation of the above intangible asset in the valuation.

Inputs	Details
Tax Rate	PJTL shall pay taxes under the new regime at the rate of 25.17% throughout the forecast period. The effective tax rate throughout the forecast period shall be 25.17%
Working Capital	The Management have envisaged the working capital requirement of PJTL for the forecast period. The major operating working capital assumptions are as follows: a. Trade Receivables days – 45 days b. Unbilled Revenue days – 31 days
Debt	The borrowings as of h 2022 of PJTL is from PGInvIT at an interest rate of 14.5% p.a.
Capital Expenditure	The Management has estimated capital expenditure to be incurred over the forecast period for PJTL. We have relied on the projections provided by the Management.
Contingent Liabilities	The Management represented that, as per the Share Purchase Agreement executed between POWERGRID, IDBI Trusteeship Services Limited (in its capacity as Trustee to PGInvIT), PUTL (in its capacity as Investment Manager to PGInvIT) and Specified SPVs, POWERGRID has undertaken to indemnify, defend and hold harmless the Trust and the Investment Manager from and against losses which relate to or arise from inter-alia any pending or threatened claims against the Specified SPVs from the period prior to and including the First Closing Date i.e. 13 th May 2021 and no major contingent liabilities have arisen for the period after 13th May 2021. Since no contingent liability has to be borne by PJTL, there is no impact of contingent liability on the valuation.

Sensitivity Analysis

Sensitivity analysis is an analysis technique that works on the basis of what-if analysis like how independent variables can affect the dependent variable. As discussed above, DCF valuation involves use of critical inputs to determine equity value, these critical inputs are independent variables and resultant equity value is dependent variable.

The table below is a what-if analysis table, wherein the impact on equity value and enterprise value has been produced considering had critical input being discount rates vary by 50 basis points in either direction.

Sensitivity	Equity Value	Enterprise Value
	(in ₹ millions)	
Discount rates		
9.01%	5,586.69	17,722.46
8.00%	7,243.22	19,378.99
8.50%	6,384.22	18,519.99
9.00%	5,607.65	17,743.42
9.50%	4,901.84	17,037.61
10.00%	4,257.29	16,393.06

10.5.3 Additional Disclosures

The Schedule V of the SEBI InvIT Regulations prescribes the minimum set of mandatory disclosures to be made in the valuation report.

Below is the additional information as required by the regulations

Parameter	Details												
List of one-time sanctions/approvals which are obtained or pending:	The list is enclosed in Annexure – 5 to the report.												
List of up to date/ overdue periodic clearances:	We have included the details in Annexure – 5 to the report.												
Statement of assets included:	The details of assets of PJTL as of September 30 th , 2022 are provided in Annexure – 10.												
Estimates of already carried out as well as proposed major repairs and improvements along with estimated time of completion:	We understand from the Management that no major repairs and improvements of the assets have been performed till date. Also, PJTL does not plan to perform any major repairs and improvements during the life of the project. However, PJTL incurs regular annual maintenance charges of Transmission Lines. The projected operation and maintenance charges for the life the project along with the projected inflation rate is as follows: <table><tr><th>Expenses</th><th>O&M Expenses</th></tr><tr><td>April - Sep FY23</td><td>15.50</td></tr><tr><td>Jul - Mar FY23</td><td>15.35</td></tr><tr><td>FY 2024</td><td>31.93</td></tr><tr><td>FY 2025</td><td>33.05</td></tr><tr><td>Annual inflation rate FY23 to FY51</td><td>3.51%</td></tr></table> Source: Management input Expenses in ₹ millions	Expenses	O&M Expenses	April - Sep FY23	15.50	Jul - Mar FY23	15.35	FY 2024	31.93	FY 2025	33.05	Annual inflation rate FY23 to FY51	3.51%

11. Valuation Conclusion

We have carried out the Enterprise and Equity Valuation of the Specified SPVs as of September 30th, 2022 considering inter-alia historical performance of the Specified SPVs, Business plan/ Projected financial statements of the Specified SPVs and other information provided by/ on behalf of the Investment Manager, industry analysis and other relevant factors.

In performing the valuation analysis, we have adopted the Discounted Cash Flow Method under the Income Approach.

The Valuation summary of the Specified SPVs as of September 30th, 2022 is as follows(in millions)

Specified SPV	Enterprise Value	Equity Value	No. of Equity Shares	Value per share	% holding of PGInvIT	Value of PGInvIT's holding
Vizag Transmission Limited	18,953.41	11,519.02	209.73	54.92	100%	11519.02
POWERGRID Kala Amb Transmission Limited	3,866.73	2,054.60	61.00	33.68	74%	1520.40
POWERGRID Parli Transmission Limited	22,255.79	9,372.53	322.10	29.10	74%	6935.67
POWERGRID Warora Transmission Limited	24,567.81	8,893.22	393.30	22.61	74%	6580.98
POWERGRID Jabalpur Transmission Limited	17,722.46	5,586.69	226.91	24.62	74%	4134.15

12. Limitations/ Disclaimer

This report is subject to the limitations detailed hereinafter.

As such the report is to be read in totality, and not in parts, in conjunction with the relevant documents referred to herein and in the context of the purpose for which it is made. This report is prepared with a limited purpose/ scope as identified and will be confidential being for use only to which it is issued. It must not be copied, disclosed or circulated in any correspondence or discussions with any person, except to whom it is issued and to those who are involved in this transaction and for various approvals and regulatory filings required for this transaction.

Valuation is not a precise science and the conclusions arrived at in many cases will, be of necessity, be subjective and dependent on the exercise of individual judgment. There is, therefore, no indisputable single value. While we have provided an assessment of the value based on the information available, application of certain formulae and within the scope and constraints of our engagement, others may place a different value to the same.

Our scope of work does not enable us to accept responsibility for the accuracy and completeness of the information provided to us. We have, therefore, not performed any audit, review or examination of any of the historical or prospective information used and therefore, does not express any opinion with regards to the same.

The draft of the present report was circulated to the Management for confirming the facts stated in the report and to confirm that information or facts stated are not erroneous and the assumptions used are reasonable.

Our work does not constitute an audit or certification of the historical financial statements/prospective results including the working results of the Company referred to in this report. Accordingly, we are unable to and do not express an opinion on the fairness or accuracy of any financial information referred to in this report. Valuation analysis and results are specific to the purpose of valuation mentioned in the report is as per agreed terms of our engagement. It may not be valid for any other purpose or as at any other date. Also, it may not be valid if done on behalf of any other entity.

In the course of the valuation, we were provided with both written and verbal information. We have however, evaluated the information provided to us by the Company through broad inquiry, analysis and review but have not carried out a due diligence or audit of the information provided for the purpose of this engagement. Our conclusions are based on the assumptions, forecasts and other information given by/on behalf of the Company. We assume no responsibility for any errors in the above information furnished by the Company and consequential impact on the present exercise.

A valuation of this nature involves consideration of various factors including those impacted by prevailing market trends in general and industry trends in particular. This report is issued on the understanding that the Management has drawn our attention to all the matters, which they are aware of concerning the financial position of the Company and any other matter, which may have an impact on our opinion, on the fair value of the shares of the Company including any significant changes that have taken place or are likely to take place in the financial position of the Company. We have no responsibility to update this report for events and circumstances occurring after the date of this report.

Any person/party intending to provide finance/invest in the shares/business of the Company shall do so after seeking their own professional advice and after carrying out their own due diligence procedures to ensure that they are making an informed decision.

The decision to carry out the transaction (including consideration thereof) lies entirely with the Management / the Company and our work and our finding shall not constitute a recommendation as to whether or not the Management / the Company should carry out the transaction.

Neither the firm nor its partners, managers, employees makes any representation or warranty, express or implied, as to the accuracy, reasonableness or completeness of the information, based on which the valuation is carried out. As such parties expressly disclaim any and all liability for, or based on or relating to any such information contained in the valuation.

This Report is based on the information provided by the Management. The exercise has been restricted and kept limited to and based entirely on the information provided to us. We have completely relied on the information provided by the Management and have assumed that the information provided is accurate and complete in all material respects.

We have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as original, and the conformity of the copies or extracts submitted to us with that of the original documents.

We have assumed that the documents provided to us by the Management in connection with any particular issue are the only documents related to such issue.

We have analysed the information provided by the Management from the limited perspective of examining issues noted in the scope of work and we do not express any opinion as to the legal or technical implications of the same.

Summary of Approvals & Licences of PJTL

S. No.	Approvals	Date of Issue	Issuing Authority
1	Company Registration	14.08.2014	Ministry of Corporate Affairs - GoI
2	Transmission Licence (25 years)	15.06.2015	Central Electricity Regulatory Commission
3	Forest Clearance		
3(1)	241.0995 ha at Singrauli Satna & Sidhi Districts(MP)	20.02.2018	Ministry of Environment and Forest, Madhya Pradesh
4	Approval under Section 68 of Electricity Act,2003	22.09.2014	Ministry of Power -GoI
5	Approval from GoI under Section 164 of ElectricityAct,2003 (	15.09.2016	Central Electricity Authority (MoP)
6	Approval from CERC under Section 17(3)	Not Required	
7	Environmental Clearance	Not Required	
8	Power & Telecommunication coordination committee clearance		
8(1)	765 kV Vindhyanal Pooling to Jabalpur Pooling Line	03.10.2018	PTCC - Government of India
9	Railway Crossing		
9(1)	Katni-Singrauli Railway Line at 1293/6-7	16.03.2017	West Central Railway
9(2)	Niwas-JP plant Coal Link	28.07.2017	West Central Railway
9(3)	Jabalpur-Manikpur railway Line at 1093/7-8	16.03.2017	West Central Railway
9(4)	Itarsi-Jabalpur Railway Line at 970/2-3	13.10.2016	West Central Railway
9(5)	Bina-Katni Railway Line at 1223/3-4	03.03.2017	West Central Railway
10	Road Crossing		
10(1)	NH-7 at km 355+134 (Rewa-Katni-Jabalpur)	23.06.2017	National Highways Authority of India
11	River Crossing		
11(1)	Son River	23.02.2018	Ministry of Environment and Forest (Sanjay Tiger Rese
11(2)	Banas River	23.02.2018	Ministry of Environment and Forest (Sanjay Tiger Rese
12	Powerline Crossing		
12(1)	765 kV D/C Jabalpur-Bina Transmission Line	18.04.2017	Power Grid Corporation of India Ltd
12(2)	765 kV S/C Jabalpur-Bina Transmission Line	26.06.2017	Sterlite Power Transmission Limited
12(3)	765 kV S/C Jabalpur-Bhopal Transmission Line	26.06.2017	Sterlite Power Transmission Limited
12(4)	800 kV HVDC Bipole Champa-Kurukshetra Line	31.12.2016	Power Grid Corporation of India Ltd
12(5)	765 kV S/C Sasan-Satna Ckt-1 Line	12.08.2016	Power Grid Corporation of India Ltd
12(6)	765 kV S/C Sasan-Satna Ckt-2 Line	12.08.2016	Power Grid Corporation of India Ltd
12(7)	765 kV D/C Vindhyanal Pooling- Satna Ckt-1&2 Line	12.08.2016	Power Grid Corporation of India Ltd
12(8)	400 kV D/C Vindhyanal-Jabalpur Ckt-I&II line	02.02.2017	Power Grid Corporation of India Ltd

1`	Revenue Case	POWERGRID CORPORATION OF INDIA LIMITED	Tehsildar, Warora	Tehsildar, Warora	Rs. 33,14,410/-	Revenue Case No. 1/2018	On 10.01.2018, Ld. Tahsildar, Warora has issued an order that the PWTL has done construction for commercial use without obtaining the permission from the change of use from the agricultural purpose to non-agricultural purpose. As per said order, the Naib-Tahsildar, Warora committed error in imposing N.A. taxes of Rs. 7,45,740/- without imposing penalty and therefore, Ld. Tehsildar has reviewed order and imposed 40 times penalty of Rs. 33,14,400/- in addition to non-agricultural taxes. The said order was challenged by POWERGRID on 06.03.2018, by filing an appeal before the Sub-Divisional Officer Warora, under section 247 of Maharashtra Land Revenue Code, 1966. The main contention on behalf of the undersigned corporation was that, as per Section 44A of the Maharashtra Land Revenue Code, if the land is used for bonafide industrial use than there is no requirement of conversion of land. Further, the explanation to section 44-A of Maharashtra Land Revenue Code clearly states that the power project is a bonafide use of land for industrial purpose. Thereafter, vide order dated 17.07.2018, Hon'ble Appellate Authority under Maharashtra Land Revenue Code has partially allowed the appeal and remanded the matter to the Tahsildar, Warora for decision on the points submitted by the objector.	Vide Order dated 17.07.2018, Sub- Divisional Officer, Warora has partially accepted the Contentions of the POWERGRID and remanded the matter back to Tehsildar to pass a final order as to Non- Agriculture Tax keeping in view of the grounds raised by POWERGRID. Therefore, in view of the directions of the Ld. SDM, Warora, Tehsildar had put the matter for hearing on 4th September, 2018. On that day written arguments had been submitted by POWERGRID. The matter was further listed for oral arguments on 24th September, 2018, and Oral arguments were done by POWERGRID on that date. No order has been passed by Court on that date. Arguments was again done on 23.02.2022. Order still awaited.
2	Compensation for Damages to Crops	Smt. Anubai & 3 Ors	Power Grid Corporation of India Ltd. & 3 Ors	District Court, Wardha	9,00,000/-	MJC No. 4 of 2017	The instant case relates to 400 kV D/C LILO Wardha- Parli Transmission Line.
